THE ULTIMATE PLAN FOR THE REDEMPTION OF MANKIND JAVIER CLEMENTE ENGONGA AVOMO,2021-10-09

Humanity is an exceptional creation of God of Creation Human beings cannot destroy themselves without also destroying that part of their divinity that exists and participates in the action of bringing about the best possible future for this special world of existence God s Plan is the destiny of humanity revealed in prophecies from the remotest antiquity of human societies and whose destiny ever renewed is the Ultimate Plan of Redemption of Mankind God does not make mistakes and

humanity's greatest mistake has always been to question the infallibility of its own Creator and by focusing on the errors of its own existence man has ceased to see himself as he truly is a supreme being when he chooses to be so and above all when he remembers that God lives in him All good ways lead to God while evil ways lead us away from His light and we know that every time we do wrong That is the great truth To do good is to act according to God's will or rather to walk carefully looking carefully at our steps and not looking back Javier Clemente Engonga 10 08 2021 **A COUNTRY WITH A LOT OF**

POSSIBILITIES JAVIER CLEMENTE ENGONGA AVOMO, Few countries in the world have a real chance of being free independent and prosperous as the Republic of Equatorial Guinea But trying to reinvent the wheel so often calls into question not only the credibility but also the efficiency of trying to build castles on sand Many regions have missed the opportunity to grow because of many bad decisions behind which only corruption and ignorance prevailed To fly without learning to walk is risky enough but to build a nation without national objectives without nationalism patriotism and brotherhood is to relive the past of subjugation to darkness It is true we are all Guineans but what some people feel for their brothers is often questioned when they oppress with all their decisions the well being of a majority that no longer knows how to express itself that apolitical majority that only asks and demands peace well being and prosperity because it is more than its right But to talk like this in this country is more than talking about politics it is offensive to those who tolerate neither justice nor freedom because to talk about peace is painful for those who destroy peace Javier Clemente Engonga 22 07 2021 Global eBook 2016 Rüdiger Wischenbart, 2016-05-25 The 2016 edition of the Global eBook report with more than 50 data driven original charts and tables is the international industry reference on the evolution of ebook markets focuses on relevant key angles for an understanding of the current transformation of book publishing in a global perspective Market close ups print and digital for the US UK Europe notably France Germany Italy the Netherlands Spain Sweden and a detailed overview on Central and Eastern Europe Plus analysis of selected emerging markets notably Brazil China India and Russia Summaries of key debates and driving forces global players such as Amazon statistical close ups on pricing performance by genre piracy patterns of consumer habits DRM self publishing et al We provide an overview of trends and developments based on a unique set of data from a wide array of the best available sources backed up by a thorough analysis of overall book publishing in the diverse international contexts The 2016 edition of the Global eBook report particularly emphasizes how digital developments are embedded in the overall evolution of publishing markets by providing context data as well as historical statistics to spot trends and developments over the past 3 to 7 years Main driving forces and policy as well as legal debates shaping the current transformation of the international book business are identified and looked at in country and market comparisons
