No Kids Allowed Michelle Ann Abate, 2020-10-13 Children's literature isn't just for children anymore. This original study explores the varied forms and roles of children's literature when it's written for adults. What do Adam Mansbach's *Go the F k to Sleep* and Barbara Park's *MA There's Nothing to Do Here* have in common? These large-format picture books are decidedly intended for parents rather than children. In *No Kids Allowed*, Michelle Ann Abate examines a constellation of books that form a paradoxical new genre: children's literature for adults. Distinguishing these books from YA and middle-grade fiction that appeals to adult readers, Abate argues that there is something unique about this phenomenon. Principally defined by its form and audience, children's literature, Abate demonstrates, engages with more than mere nostalgia when recast for grown-up readers. Abate examines how board books, coloring books, bedtime stories, and series detective fiction, written and published specifically for adults, question the boundaries of genre and challenge the assumption that adulthood and childhood are mutually exclusive.

Stolen Youth Bethany Mandel, Karol Markowicz, 2023-03-05 The kids are not alright. The Left is waging an all-out battle on the American family, particularly the youngest members. If they can make our children miserable, lead them to question every building block of society, and rebuild their entire concept of reality, then the Left and their woke indoctrinators will consider that a victory. But we can't let them win. As concerned parents and American citizens, we have to understand what's truly going on before we can do something about it. *Stolen Youth* provides an urgent deep dive into issues surrounding the current woke indoctrination happening in politics, education, medicine, mental health, entertainment, and culture. These issues may seem subtle, insidious, and hard to make sense of, but armed with the information provided in this book, we now have a framework from which to fight. While we may simply be trying to parent our children well and create a healthy and happy home environment, this is no longer enough. We must now go on the offense to protect our kids, and this book sheds a bright light on the reason why. We can no longer afford to stay ignorant. Our children's lives and the survival of our families are at stake. A win is a family who is free. *Stolen Youth* outlines how to fight for our children's freedom and win.

The Baby Cheapskate Guide to Bargains Angela Wynne, 2012-05-01 How to get everything you need for your new baby without breaking the bank. When Angela Wynne started preparing for her baby's arrival, she was overwhelmed by all the must-haves she supposedly needed. She quickly discovered that the average American family can expect to shell out more than \$23,000 for the first two years of the baby's life. Daunted by the cost of having a baby, Angela soon realized she had a gift for ferreting out the best bargains and decided to share her findings with other parents online with her uber-successful blog, *BabyCheapskate.com*. And now, in *The Babycheapskate Guide to Bargains*, she gives you must-have advice on buying the best for your baby for less. You'll learn what you need for your baby and what you don't need. The principles of shopping smart. Where to find great deals on baby products, both online and off. How to use social media to find bargains and get advice. How to demystify couponing and other insider savings techniques. And much, much more. Outlining easy-to-follow, effective saving

strategies this indispensable guide takes the financial guesswork and all the unwanted stress out of planning for a baby

Queering Family Trees Sandra Patton-Imani, 2020-06-09 Argues that significant barriers to family making exist for lesbian mothers of color in the United States One might be tempted in the afterglow of Obergefell v Hodges to believe that the battle has been won that gays and lesbians fought a tough fight and finally achieved equality in the United States through access to legal marriage But that narrative tells only one version of a very complex story about family and citizenship Queering Family Trees explores the lived experience of queer mothers in the United States drawing on over one hundred interviews with African American Latina Native American white and Asian American lesbian mothers living in a range of socioeconomic circumstances to show how they have navigated family making While the legalization of same sex marriage and adoption in 2015 has provided avenues toward equality for some couples structural and economic barriers have meant that others especially queer women of color who often have fewer financial resources have not been able to access seemingly available choices such as second parent adoptions powers of attorney and wills Sandra Patton Imani here argues that the virtual exclusion of lesbians of color from public narratives about LGBTQ families is crucial to maintaining the narrative that legal marriage for same sex couples provides access to full equality as citizens Through the lens of reproductive justice Patton Imani argues that the federal legalization of same sex marriage reinforces existing structures of inequality grounded in race gender sexuality and class Queering Family Trees explores the lives of a critically erased segment of the queer population demonstrating that the seemingly color blind solutions offered by marriage equality do not rectify such inequalities
