13 Meanwhile all Judah stood before the Lord, with their little ones, their wives, and their children.

14 Then the spirit of the Lord came upon Jahaziel son of Zechariah, son of Benaiah, son of Jeiel, son of Mattaniah, a Levite of the sons of Asaph, in the middle of the assembly.

15 He said, "Listen, all Judah and inhabitants of Jerusalem, and King Jehoshaphat: Thus says the Lord to you: 'Do not fear or be dismayed at this great multitude; for the battle is not yours but God's.

16 Tomorrow go down against them; they will come up by the ascent of Ziz; you will find them at the end of the valley, before the wilderness of Jeruel.

17 This battle is not for you to fight; take your position, stand still, and see the victory of the Lord on your behalf. O Judah and Jerusalem.' Do not fear or be dismayed; tomorrow go out against them, and the Lord will be with you."

18 Then Jehoshaphat bowed down with his face to the ground, and all Judah and the inhabitants of Jerusalem fell down before the Lord, worshiping the Lord.

19 And the Levites, of the Kohathites and the Korahites, stood up to praise the Lord, the God of Israel, with a very loud voice.

20 They rose early in the morning and went out into the wilderness of Tekoa; and as they went out, Jehoshaphat stood and said, "Listen to me, O Judah and inhabitants of Jerusalem!

D. Semmes, 2024-11-21 How Reconstruction era political battles reflected global struggles over the era's core ideals *Exporting Reconstruction* examines Ulysses S Grant's Reconstruction era policy both foreign and domestic as an integrated whole

Grant's vision for America's international role in the aftermath of the Civil War was best articulated in his 1869 memorandum considering whether the United States should annex the Dominican Republic. Grant envisioned a combined domestic and foreign policy of Reconstruction one predicated on spreading the values of liberty, equality, and the rights of citizenship to not only the Dominican Republic but also other Caribbean nations as well as to Native Americans and Chinese immigrants living in the United States but seen as aliens within the nation. Author Ryan P Semmes interprets the Grant era policy of Reconstruction as an all encompassing agenda that imagined the United States as the arbiter of civil rights for the Western Hemisphere. Exporting Reconstruction shows readers that unlike presidents before and after his administration, Grant hoped to increase not only the United States's imperial reach but also extend freedom and liberty to people beyond the borders of North America.

Beyond Therapy Erving Polster, 2017-09-08 In *Beyond Therapy*, Erving Polster examines the role of life focus in three of society's most familiar activities: ordinary conversation, the arts, and religion. He shows the life focus movement to be an indivisible complement to just simply living. In proposing a paradigm shift from psychotherapy's priority for changing people's troubled lives into the complementary purpose of illuminating their lives, the author invites the participation of many people who do not seek remedial treatment for emotional or psychological problems. Polster incorporates a broader scenario for enhancing attention through community groups, showing that the convergence of people's minds on commonly important life themes creates enlightenment. This interlocked focus amplifies the ensuing conversational content and creates a meditation-like absorption. This kind of pointed focus, argues Polster, has the power to colour the lives of the participants. This work offers rationale and design for life focus community groups and also creates a heightened identity for the life focus movement, providing other foundational ideas that help to unify diverse approaches. Mental health professionals will benefit from its wealth of specific exercises and instructions for program design. Polster provides leaders and group members with a well-rounded perspective on the basics of personal enlightenment and communal belonging.

U.S. Domestic and Transnational Terrorism Joseph A. Ruffini, Patricia A. Ruffini, 2025-09-15 *U.S. Domestic and Transnational Terrorism* is an easy-to-read and comprehensive primer detailing the essential information necessary to understand the current terrorist landscape and threats. The book defines terrorism and outlines the distinctions between what are considered terror attacks, criminal acts, and hate crimes. In looking at both U.S. domestic and transnational terror organizations, the coverage provides a profile of groups, tactics, attack and operational hallmarks, illegal activities to date, and the ongoing threats they present. The book highlights the need for preparedness and vigilance but not paranoia, proposing ways in which American authorities and the citizens that they serve can greatly enhance terror awareness, preparedness, and prevention. *U.S. Domestic and Transnational Terrorism* serves as both an essential manual and a reference book for a wide variety of readers. This includes homeland security practitioners, federal government and Department of Defense forces and protection personnel, security and anti-terrorism professionals, law enforcement agencies, fire and medical first responders.

Philosophy of Religion and the African American Experience John H. McClendon III, 2017-07-03 Most white philosophers of religion generally presume that philosophy of religion is based on what is a false universality whereby the white Western experience is paradigmatic of humanity at large The fact remains that Howard Thurman James H Cone and William R Jones among others have produced a substantial amount of theological work quite worthy of consideration by philosophers of religion Yet this corpus of thought is not reflected in the scholarly literature that constitutes the main body of philosophy of religion Neglect and ignorance of African American Studies is widespread in the academy By including chapters on Thurman Cone and Jones the present book functions as a corrective to this scholarly lacuna
