individual rights and state authority Levin lays forth eleven specific prescriptions for restoring our founding principles ones that are consistent with the Framers design His proposals such as term limits for members of Congress and Supreme Court justices and limits on federal taxing and spending are pure common sense ideas shared by many They draw on the wisdom of the Founding Fathers including James Madison Benjamin Franklin Thomas Jefferson and numerous lesser known but crucially important men in their content and in the method for applying them to the current state of the nation Now is the time for the American people to take the first step toward reclaiming what belongs to them The task is daunting but it is imperative if we are to be truly free
