AS AMERICA and the world grapple with the consequences of global environmental change, writer and activist Bill McKibben offers this unprecedented, inspiring, and timely anthology gathering the best and most significant American environmental writing from the last two centuries. "Each advance in environmental practice" in our nation's history, McKibben observes in his introduction, "was preceded by a great book." Here, for the first time in a single volume, are the words that made a movement.

Classics of the environmental imagination—the essays of Henry David Thoreau, John Muir, and John Burroughs; Aldo Leopold's *A Sand County Almanac*; Rachel Carson's *Silent Spring*—are set alongside an emerging activist movement, revealed by newly uncovered reports of pioneering campaigns for conservation, passages from landmark legal opinions and legislation, and soaring protest speeches. Throughout, some of

**Transatlantic Literature and Author Love in the Nineteenth Century** Paul Westover,Ann Wierda

Rowland,2016-09-22 This book is about Anglo American literary heritage It argues that readers on both sides of the Atlantic shaped the contours of international English in the 1800s expressing love for books and authors in a wide range of media and social practices It highlights how in the wake of American independence the affection bestowed on authors who became international objects of celebration and commemoration was a major force in the invention of transnational English literature the popular canon defined by shared language and tradition While love as such is difficult to quantify and recover the records of such affection survive not just in print but also in other media in monuments in architecture and in the ephemera of material culture Thus this collection brings into view a wide range of nineteenth century expressions of love for literature and its creators

**Law's Environment** John Copeland Nagle,2010-05-25 John Copeland Nagle shows how our reliance on environmental law affects the natural environment through an examination of five diverse places in the American landscape Alaska s Adak Island the Susquehanna River Colton in California s Inland Empire Theodore Roosevelt National Park in the badlands of North Dakota and Alamogordo in New Mexico Nagle asks why some places are preserved by the law while others are not and he finds that environmental laws often have unexpected results while other laws have surprising effects on the environment Nagle argues that sound environmental policy requires better coordination among the many laws regulations and social norms that determine the values and uses of our scarce lands and waters *Rachel Carson* Karen F.

Stein,2013-02-11 Karen F Stein University of Rhode Island Kingston USA Rachel Carson is the twentieth century s most significant environmentalist Her books about the sea blend science and poetry as they invite readers to share her celebration of the ocean s wonders Silent Spring her graphic and compelling expos of the damage caused by the widespread aerial spraying of persistent organic pesticides such as DDT opened our eyes to the interconnectedness of all living beings and the ecological systems we inhabit Carson s work challenges our belief that science and technology can control the natural world asks us to recognize our place in the world around us and inspires us to treat the earth respectfully She calls us to rekindle our sense of wonder at nature s power and beauty and to tread lightly on the earth so that it will continue to sustain us and our descendants This book guides readers on a journey through Carson s life and work considers Carson s legacies and points to some of the continuing challenges to sustainability It provides a listing of resources for reading learning or teaching about the environment about nature writing and about Carson and the crucial issues she addressed Climate and the

Picturesque in the American Tropics Michael Boyden,2022 This book explains how we came to think of the climate as something abstract and remote rather than a force that actively shapes our existence It shows how the writings of American travellers in the Caribbean registered and pushed forward a new understanding of the climate in a pivotal period in modern history roughly between 1770 and 1860 *A Study Guide for Mary Oliver's "The Eskimos Have No Word for War"* Gale,

Cengage Learning,2016 **Thoreau at 200** K. P. Van Anglen,Kristen Case,2016-10-14 This book gathers essays on central themes of Thoreau s life work and critical reception by both well known and emerging scholars The Ecology of

Modernism Joshua Schuster, 2015-10-15 The Ecology of Modernism explores the unexpected absence of an environmental ethic in American modernist and avant garde poetics given its keen concern with an environmental aesthetic and explains why American modernism was never green Examining the relationships of key modernist writers poets and musicians to nature industrial development and pollution Joshua Schuster posits that the curious failure of modernist poets to develop an environmental ethic was a deliberate choice and not an inadvertent omission *A Study Guide for Mary Oliver's "The Journey"* Gale, Cengage Learning, 2016

**Utilitarianism as a Way of Life** Bart Schultz, 2024-08-20 Utilitarianism a commitment to the greatest happiness for the greatest number has been the target of endless opposition According to its critics it ignores the separateness of persons cannot secure the protections of basic rights demands extreme sacrifice can justify anything the list goes on It has been implicated in the horrors of settler colonialism imperialism and racial capitalism both historically and today as the neoliberal world order faces a profound legitimization crisis Bart Schultz argues that utilitarian philosophy must be decolonized and reimagined for the current moment a time of new and looming existential threats in a world desperate for social change Where dominant ethical and political approaches have failed to adequately deal with the enormous challenges we face utilitarianism as a set of lived practices not simply a theoretical construction may hold out some hope of seriously addressing them Drawing on alternatives to the well known Eurocentric story of utilitarianism and an extensive review and critique of that story and incorporating the works of Peter Singer Katarzyna de Lazari Radek Derek Parfit Martha Nussbaum and other major philosophers Schultz crafts a groundbreaking new framework of utilitarianism born of struggle and resistance Utilitarianism as a Way of Life is an essential text for scholars and students of philosophy political science economics decolonization studies gender studies psychology environmental studies and related fields
