American Education Week 2014:

American Education Joel Spring, 2013-12-13 Featuring current information and challenging perspectives on the latest issues and forces shaping the American educational system with scholarship that is often cited as a primary source Joel Spring introduces readers to the historical political social and legal foundations of education and to the profession of teaching in the United States In his signature straightforward concise approach to describing complex issues he illuminates events and topics that are often overlooked or whitewashed giving students the opportunity to engage in critical thinking about education Students come away informed on the latest topics issues and data and with a strong knowledge of the forces shaping the American educational system Updated throughout the 21st edition of this clear authoritative text remains fresh and up to date reflecting the many changes in education that have occurred since the publication of the previous edition New coverage includes Discussion of culture wars and critical race theory Parental rights versus the goals of common education LGBTQIA students rights Discussion of the current administration s educational policies Code of Federal Regulations United States. President, 2015 Special edition of the Federal register **Code of Federal Regulations**, 2015 Special edition of the Federal Register containing a codification of documents of general applicability and future effect with ancillaries News Media and the Neoliberal Privatization of Education Zane C. Wubbena, Derek R. Ford, Brad J. Porfilio, 2016-03-01 This edited volume contributes to a burgeoning field of critical scholarship on the news media and education This scholarship is based on an understanding that the news media has increasingly applied a neoliberal template that mediates knowledge and action about education This book calls into question what the public knows about education how the public is informed and whose interests are represented and ultimately served through the production and distribution of information by the news media about education The chapters comprising this volume serve to enlighten and call to action parents students educators academics and scholars activists and policymakers for social political and economic transformation Moreover as the neoliberal agenda in North America intensifies the chapters in this book help to deepen our understanding of the logics and processes of the neoliberal privatization of education and the accompanying social discourses that facilitate the reduction of social relations to a transaction in the marketplace The chapters examine the news media and the reproduction of neoliberal educational reforms A Nation at Risk Teach For America charter schools think tanks and PISA and resistance to neoliberal educational reforms online activism and radical Black press while also broadening our conceptual understanding of the marketization and mediatization of educational discourses Overall the book provides an in depth understanding of the neoliberal privatization of education by extending critical examinations to this underrepresented field of cultural production the news media coverage of education The contribution of this edited volume therefore helps to build an understanding of the contemporary dynamics of capital accumulation to inform public resistance for social transformation **The American Education Policy Landscape** Jennifer A. Rippner, 2015-10-16 In today s complex

educational environment it is critical for educators to understand the policy landscape Research based and grounded in a non ideological perspective The American Education Policy Landscape is an essential guide for educators graduate students and policymakers alike This accessible resource unpacks complex concepts and provides a comprehensive overview of early childhood K 12 and higher education policy issues including governance structures at the local state and national levels the process of policymaking issues of educational finance and the impact of stakeholders The American Education Policy Landscape provides aspiring and practicing educators analysts researchers and policymakers with the foundational knowledge and context for understanding education policy enabling them to make effective decisions provide informed advice and craft critical research questions on education
