Students must read. They must read to inform themselves about the subjects they are studying and to allow them to write assignments, reports and dissertations. Though most students can read fairly well, few can make as much or as efficient use as possible of the time they devote to reading for academic purposes. Many guides to study offer a pot pourri of techniques for improving reading skills. None gives as full a treatment of this essential and underpinning area of academic life as Reading at University. The authors believe that students must change both the ways in which they read and the ways in which they think about reading. This book offers effective and efficient strategies for fulfilling students' reading and study potential. *B.Ed Entrance Exam 2024 (English Edition) - 93 Topic-wise Practice Tests Useful for UP B.Ed JEE, Bihar B.Ed CET, DU B.Ed, BHU B.Ed* EduGorilla Prep Experts, Best Selling Book in English Edition for B Ed Entrance Exam.
