Alistair Sinclair, 2017-07-05 This book suggests that religion in its usual sense can be replaced by something better: that the human spirit or subjectivity can be the subject of scientific study and that lack of purpose or design in the universe is not a handicap but a positive opportunity for intelligent beings to make of the universe and its contents what they reasonably can. The book breaks new ground in suggesting a radical alternative to religion. It offers a scientific and humanist alternative to religion which appeals to people's critical faculties rather than emotions or intuitions. It also challenges current views of causation and the principle of sufficient reason by stressing the subjectivity of our reasoning powers and clarifying these in relation to an independent external reality. It develops and elaborates a notion of the noosphere within a theoretical system; this enables the notion to assume a scientific importance which it currently lacks because it is treated as an isolated, eccentric and rather mystical idea. **What Lies Beneath** Steven Cohen, 2019-08-06 Some say truth is relative, some say truth doesn't exist. However, there is something that holds all things secure, stronger than any support structure we could manufacture, more reliable than any knowledge we could gain: TRUTH. That standard can only come from one place, and it's not us, our experiences, or anyone else's opinion of who we are. What Lies Beneath is designed to help us explore what lies or lies exist beneath beliefs, emotions, and experiences, and how they affect us. Join speaker and teacher Steven Cohen on this transformational journey from lies to Love as we find What Lies Beneath. [Demolishing Supposed Bible Contradictions](#) Ken

Ham, 2010 A bold defense of the accuracy of scripture, Ken Ham leads a powerful team of contributors in providing core truths to refute claims regarding biblical inaccuracies. **Winning Starts With You** Orlando Pompea, 2019-07-19 Every born-again Christian has the privilege to become a champion. Through his Son, God has given us victory over the world, flesh, and the devil. So you don't have to walk in defeat anymore. Although this is an unquestioning truth, we see something

completely different when looking at some of God's people today. We see failure after failure. One major cause of our failures is that we are being raised believing that we must be continuously indulged and pampered. We have learned to make excuses or point the finger at someone else. *Winning Starts with You* reveals to you how taking responsibility for your actions will drive you to the Top. By applying the principles taught in this book, your life will never be the same again. God's Got an Answer for That Activity Book Jon Nappa, Suzanne Hadley Gosselin, 2015. This fun-filled activity book is designed to reinforce positive lessons every Truth Sleuth needs to know about God and His Word. Homeschool families and kids ages 8 to 12 will enjoy word puzzles, mazes, and lots of other exciting games and activities. **The Lie** Ken Ham, 1987. Presents a Christian perspective on how the world was created, discussing the significance and relevance of the Bible book of Genesis and examining the nature of the debate between creation and evolution. **The Figure of Hagar in Ancient Judaism and Galatians** Ryan Heinsch, 2022-10-11. In this study, Ryan Heinsch considers Paul's portrayal of Hagar in Gal 4:21-31 and argues that Paul stands in continuity with ancient Judaism in that he portrays Hagar and her descendants as non-Jews. As a result, the author demonstrates that the passage in Galatians is an allegory. Paul develops about the experience of gentiles in general and the once pagan Galatian gentiles in particular. *In the World but Not of It* Brett Grainger, 2009-05-26. A memorable new literary voice traces the story of American fundamentalism through the transcendent lens of his own family experience. Brett Grainger's grandparents, members of the Plymouth Brethren, believed devoutly that Jesus would return and rapture them to Heaven when he didn't; their lives collapsed. Grainger's father, having fled from his parents' extremism, underwent his own conversion in later life. Grainger himself journeyed away from faith and yet two decades later found a different way back to the church, seeking a balance between extremes. Using those family pathways as a catalyst, he offers a beautifully written, clear-eyed chronicle of fundamentalism in American history, revealing it to be far richer and more complex than the images the word evokes today. Grainger explores seven major themes, including the devotion to biblical literalism, an idea nourished by the writings of nineteenth-century preacher John Nelson Darby; the experience of sudden personal transformation, known as getting saved; and the paradox of creation science. Above all, he illuminates the unrelenting pursuit of purity that divides believers into separatists who shun the sullied compromises of politics and activists who fight to bring society under the yoke of divine law, all in the name of being in the world but not of it. Writing with a passion and conviction born of personal experience, Brett Grainger brings new insight into American history and invaluable understanding for anyone interested in our country's religious tradition.
