Senese,2002 This book gives a balanced look at historical and contemporary education and tells the engaging story of the evolution of American education showing how and why certain school society issues first arose in this country and how and why they changed over time

Rhetorical Criticism Sonja K. Foss,2017-07-18 Over multiple editions this transformative text has taught the lively art of rhetorical criticism to thousands of students at more than 300 colleges and universities Insights from classroom use enrich each new edition With an unparalleled talent for distilling sophisticated rhetorical concepts and processes Sonja Foss highlights ten methods of doing rhetorical criticism the systematic investigation and explanation of symbolic acts and artifacts Each chapter focuses on one method its foundational theories and the steps necessary to perform an analysis using that method Foss provides instructions on how to write coherent well argued reports of analytical findings which are then illustrated by sample essays A chapter on feminist criticism features the disruption of conventional ideologies and practices Storytelling in the digital world is a timely addition to the chapter on narrative criticism Student essays now include analyses of the same artifact using multiple methods A deep understanding of rhetorical criticism equips readers to become engaged and active participants in shaping the nature of the worlds in which we live Macmillan's Magazine ,1887 **Speaking**

in Tongues: A Critical Historical Examination, Volume 2 Philip E. Blosser,Charles A. Sullivan,2023-08-21 In three carefully researched volumes this ground breaking study examines the gift of tongues through two thousand years of church history Starting in the present and working back in time these volumes consider 1 the modern redefinition of tongues as a private prayer language 2 the church s perennial understanding of tongues as ordinary human languages and 3 the Corinthian tongues which in light of Jewish liturgical tradition turn out to have been a Semitic liturgical language requiring bilingual interpreters This second volume tracks the perception and practice of tongues back through the first eighteen hundred years of church history demonstrating that tongue speaking was always active but puzzlingly different from today s glossolalia From Pope Benedict XIV s detailed treatise in the 1700s it works back through long forgotten scholastic and patristic debates to the earliest Christian writers such as Irenaeus No other resource on the subject approaches the depth and scope of the present volume
