Ndlovu-Gatsheni, Pedzisai Ruhanya, 2020-10-21 This book is the first to tackle the difficult and complex politics of transition in Zimbabwe with deep historical analysis Its focus is on a very problematic political culture that is proving very hard to transcend At the center of this culture is an unstable but resilient nationalist military alliance crafted during the anti colonial liberation struggle in the 1970s Inevitably violence misogyny and masculinity are constitutive of the political culture Economically speaking the culture is that of a bureaucratic parasitic primitive accumulation and corruption which include invasion and emptying of state coffers by a self styled Chimurenga aristocracy However this Chimurenga aristocracy is not cohesive as the politics that led to Robert Mugabe s ousting from power was preceded by dirty and protracted internal factionalism At the center of the factional politics was the first family Robert Mugabe and his wife Grace Mugabe This book offers a multidisciplinary examination of the complex contemporary politics in Zimbabwe taking seriously such issues as gender misogyny militarism violence media identity modes of accumulation the ethnicization of politics attempts to open lines of credit and FDI national healing and the national question as key variables not only of a complete political culture but also of difficult transitional politics **The Least of All Possible Evils** Eyal Weizman, 2012-06-19 The principle of the lesser evil the acceptability of pursuing one exceptional course of action in order to prevent a greater injustice has long been a cornerstone of Western ethical philosophy From its roots in classical ethics and Christian theology to Hannah Arendt s exploration of the work of the Jewish Councils during the Nazi regime Weizman explores its development in three key transformations of the problem the defining intervention of Mdecins Sans Frontieres in mid 1980s Ethiopia the separation wall in Israel Palestine and international and human rights law in Bosnia Gaza and Iraq Drawing on a wealth of new research Weizman charts the latest manifestation of this age old idea In doing so he shows how military and political intervention acquired a new humanitarian acceptability and legality in the late twentieth and early twenty first centuries *The Mirror of Literature, Amusement, and Instruction*, 1825 Political and Humanitarian Responses to Syrian Displacement Sarah Deardorff Miller, 2016-10-26 This book examines Syrian displacement since the start of the 2011 conflict It provides information on displacement the scale scope and trends and in depth analysis on how it affects regional politics the role of international organizations responding to the displaced and EU US responses to Syrian displacement It relates Syrian displacement to broader peace strategies arguing that displacement is not a mere symptom or byproduct of the conflict but a key variable that must be addressed with any peace plan or strategy for ending the conflict and rebuilding Syria Thus the way refugees are dealt with is not just a humanitarian concern but also a political security and economic issue Life Forms and Meaning Structure Alfred Schutz, 2013-10-08 This volume contains a translation of four
