

Memorandum

Dated: 14 January 2023

To: Sales & Marketing Group

From: Praveenkumar Revankar, Product Engineering

Subject: Delay in release timelines of Feature A and Feature B.

Purpose:

The purpose of this document is to notify the cross-functional group about sudden changes in release timelines of Feature A and Feature B and to reinform the group to reprioritize certain tasks for Sales and Marketing for the release.

Background/Context:

We have been working together on our key USP features 'Feature A' and 'Feature B' for targeting their release this quarter. Due to unforeseen circumstances, there is a change in the release timelines and the new timeline will be shared shortly in Scrum of Scrum meeting where a representative from Sales has been invited.

Action:

Even though it looks like a major setback and current activities w.r.t. The release can be paused, there are certain actions that have to be performed in this quarter. The same has been conveyed in Jira, marking the work items with labels "Q1_Paused" and "Q1_Must." Please reprioritize your internal activities based on the labels in Jira and ensure a final plan reflected in Jira on or before 30 January 2023.

Conclusion:

We might be delayed with the release but we are not affecting the business. The necessary strategy is defined and put in place to ensure customers can solve their problems using our support until Feature A and Feature B release.

Thanks,
Praveenkumar Revankar

The Tragedy of Ukraine Nicolai N. Petro, 2022-12-19 The conflict in Ukraine has deep domestic roots A third of the population primarily in the East and South regards its own Russian cultural identity as entirely compatible with a Ukrainian civic identity The state s reluctance to recognize this ethnos as a legitimate part of the modern Ukrainian nation has created a tragic cycle that entangles Ukrainian politics The Tragedy of Ukraine argues that in order to untangle the conflict within the Ukraine it must be addressed on an emotional as well as institutional level It draws on Richard Ned Lebow s tragic vision of politics and on classical Greek tragedy to assist in understanding the persistence of this conflict Classical Greek tragedy once served as a mechanism in Athenian society to heal deep social trauma and create more just institutions The Tragedy of Ukraine reflects on the ways in which ancient Greek tragedy can help us rethink civic conflict and polarization as well as model ways of healing deep social divisions

Encounters Old and New in World History Alan Karras, Laura J. Mitchell, 2017-06-30 This collection of essays asserts the specific value of world history research and teaching showing how the field contributes to the larger historical profession and offering concrete suggestions to develop more interaction between the academy and the public The twelve contributors each with their own academic areas of interest are experienced scholars and classroom teachers Uniting them together in this volume is their professional relationship with Jerry H Bentley 1949 2012 This shared connection served as a catalyst to showcase Bentley s enduring legacy a commitment to investigating large scale questions with detailed empirical evidence that explains the human condition documenting both patterns of similarity and difference in ways that account for regional and temporal variations The volume continues Bentley s meticulous attention to world historical methods focus on scale cross cultural encounter comparison periodization critical geography and interdisciplinarity Encounters Old and New in World History responds to provocations that Jerry Bentley tendered in his scholarship and through his professional activities Contributors interrogate the institutional settings

disciplinary proclivities methodological choices and diverse source bases of world history research and teaching Several essays address the ways in which present day concerns influence research on local and global scales Other essays pay particular attention to the production and circulation of knowledge across regional temporal and class boundaries as well as between the academy and the wider public Claiming the centrality of globally informed and focused approaches to historical inquiry researchers continue the conversations that Bentley carried on through his own scholarship teaching editing of the Journal of World History participating in public forums and contributing to public discussions about the place of history in understanding today s global integration The stakes involved in asking questions about the shared history of humankind continue to increase in the current era of intensified globalization It is incumbent upon scholars with the skills to work across linguistic geographic temporal and disciplinary boundaries to show the ways that cross cultural encounters happened historically and to point out how such interactions play out in the institutions classrooms and public debates where historical interpretations are created and shared

Fragmented Citizens Stephen M. Engel, 2019-06-01 A sweeping historical and political account of how our present day policy debates around citizenship and equality came to be The landmark Supreme Court decision in June 2015 legalizing the right to same sex marriage marked a major victory in gay and lesbian rights in the United States Once subject to a patchwork of laws granting legal status to same sex couples in some states and not others gay and lesbian Americans now enjoy full legal status for their marriages wherever they travel or reside in the country For many the Supreme Court s ruling means that gay and lesbian citizens are one step closer to full equality with the rest of America In *Fragmented Citizens* Stephen M Engel contends that the present moment in gay and lesbian rights in America is indeed one of considerable advancement and change but that there is still much to be done in shaping American institutions to recognize gays and lesbians as full citizens With impressive scope and fascinating examples Engel traces the relationship between gay and lesbian individuals and the government from the late nineteenth century through the present Engel shows that gays and lesbians are more accurately described as fragmented citizens Despite the marriage ruling Engel argues that LGBT Americans still do not have full legal protections against workplace housing family and other kinds of discrimination There remains a continuing struggle of the state to control the sexuality of gay and lesbian citizens they continue to be fragmented citizens Engel argues that understanding the development of the idea of gay and lesbian individuals as less than whole citizens can help us make sense of the government s continued resistance to full equality despite massive changes in public opinion Furthermore he argues that it was the state s ability to identify and control gay and lesbian citizens that allowed it to develop strong administrative capacities to manage all of its citizens in matters of immigration labor relations and even national security The struggle for gay and lesbian rights then affected not only the lives of those seeking equality but also the very nature of American governance itself *Fragmented Citizens* is a sweeping historical and political account of how our present day policy debates around citizenship and equality came to be

Practitioner's Guide to Legal Issues in

Organizations Chester Hanvey, Kayo Sady, 2015-05-26 This highly useful reference outlines best practices in key areas of human resources that are not only fair and equitable but that can withstand legal scrutiny Industrial organizational experts apply their empirical knowledge and practical experience to aspects of HR that are commonly litigated including broad and specific topics in testing of potential employees disability issues compensation and pay equity and work hours The book is written to be accessible to readers currently in HR related graduate level training as well as HR practitioners with or without background in industrial organizational psychology And to add to its utility chapters feature practical strategies for addressing each of the legal issues presented Among the topics covered Measuring adverse impact in employee selection decisions Using background checks in the employee selection process Disabilities best practices for vulnerabilities associated with the ADA Physical abilities testing Wage and hour litigation Clinical psychological testing for employee selection Conducting compensation equity analyses Practitioner s Guide to Legal Issues in Organizations brings clear up to date information to graduate students studying human resources management industrial organizational psychology who are interested in legal issues as well as applied HR practitioners such as industrial organizational psychologists human resources generalists management and labor economists *New Financial Ethics* Aloy Soppe, 2016-12-08 Following the internationalisation globalisation and deregulation of the financial market over the last few decades the financial sector has evolved from a servicing industry into an initiating and leading sector in the international industrialised economy The power of the financial sector including Credit Rating Agencies determines the creditworthiness of companies and countries Today s financial sector dominates instead of serving the real economy which puts substantial pressure on all the agencies involved not least the banks to make the profits that will drive economic growth As a result of this pressure moral conduct in the financial sector has been put under severe strain This book examines the experience of the recent financial crisis and argues that a firmer ethical grounding for the financial sector is required to prevent the crisis being repeated The book offers a model for making judgements on financial markets institutions and products The model is built on seven major criteria which are examined in depth Justice Nature Sustainability Legality Risk and Return the Stakeholder model and Monism This multidisciplinary approach integrates philosophy economics and law to arrive at a new normative approach to financial ethics This book is a must read for finance students at academic levels but also for professionals in the financial sector who can be helped by implementing the model of NFE in solving financial dilemmas *QuickBooks Online For Dummies* Elaine Marmel, 2015-01-12 The fast and easy way to manage the books with QuickBooks Online Searching for a cloud based accounting solution for your small business Use this guide to master the fundamentals of QuickBooks Online the world s most popular software for fast and easy mobile accounting Inside you ll find hands on practical guidance for using QuickBooks Online to build the perfect budget process payroll simplify tax return preparation create invoices and credit memos and manage inventory Plus you ll discover how to track job costs generate income statements and financial reports and balance

Dream the Size of Freedom R. Joseph Parrott, 2025-07-08 How anti colonial movements in Angola Mozambique and Guinea Bissau reshaped US activist engagement with the Global South from the 1960s through the 1970s Dream the Size of Freedom explores how anti colonial movements in Angola Mozambique and Guinea Bissau reshaped US activist engagement with the Global South from the 1960s through the 1970s and influenced American foreign policy as the Vietnam War drew to a close These Portuguese African liberation movements led by nationalists like Eduardo Mondlane and Am lcar Cabral built global solidarity networks to support their military and social challenges to empire while defending against Western intervention US activists disillusioned with the Cold War came to see African self determination as central to global campaigns for racial and economic justice A broad coalition ranging from Black Power radicals to religious liberals mobilized against the North Atlantic alliance with Portugal In the process this grassroots movement helped define a New Left Internationalism that championed decentralized multiracial organizing and a collaborative vision of US foreign policy to redress historic inequalities between Global North and South Drawing on more than fifty oral histories and research in government and activist archives on three continents in English Portuguese French and Afrikaans R Joseph Parrott reconstructs the transnational anti imperial network that injected Global South priorities into US political debates Popular protests and informational campaigns led to collaborations with legislators eager to constrain the powerful executive branch In 1976 this grassroots legislative alliance halted Gerald Ford s anti communist intervention against the Soviet backed government of newly independent Angola This victory of New Left Internationalist ideas anticipated future anti apartheid and Latin American peace movements while also fueling a conservative revival of Cold War containment By exploring US engagement with the contested process of African decolonization Dream the Size of Freedom highlights the origins of two contrasting visions of American foreign policy that defined debates over the country s proper role in the Global South into the 1990s

Bloomberg Chris McNickle, 2017-09-19 Examine the Bipartisan Legacy of a Remarkable Billionaire Politician Bloomberg A Billionaire s Ambition tells the story of how one of America s most successful entrepreneurs was

elected mayor of New York City and what he did with the power he won Bloomberg's stunning victory against all odds just weeks after the 9/11 terrorist attack left him facing challenges unlike any mayor in history For the next twelve years he kept the city safe managed budgets through fiscal crises promoted private sector growth generated jobs built infrastructure protected the environment supported society's cultural sensibilities and achieved dramatic improvements in public health Bloomberg was an activist executive who used government assets boldly and wisely for the greatest good for the greatest number of people His time as mayor was not without controversy Bloomberg supported stop and frisk police tactics that a judge ruled unconstitutional and jailhouse violence rose to levels so severe the federal government intervened The administration's homeless policies were ineffective And he forced a change in the city charter to allow him to serve a third term Overall record low crime and the lasting impact of innovative policies will cause his tenure to be remembered as a remarkable success Having returned to his global media empire and to his private philanthropy Bloomberg continues to challenge the National Rifle Association on gun control promote national education reform and support policies to combat climate change Frequently touted as an independent candidate for president Bloomberg leaves behind a legacy of effective government

Oxford Textbook of Neurological Surgery Ramez Kirillos, Peter Hutchinson, Adel Helmy, Simon Thomson, 2019-09-05 Neurosurgery is a rapidly developing and technically demanding branch of surgery that requires a detailed knowledge of the basic neurosciences and a thorough clinical approach The Oxford Textbook of Neurological Surgery is an up to date objective and readable text that covers the full scope of neurosurgical practice It is part of the Oxford Textbooks in Surgery series edited by Professor Sir Peter Morris The book is split into 20 overarching sections Principles of Neurosurgery Neuro oncology of Intrinsic Tumours Extra axial Tumours and Skull Lesions Cerebro Pontine Angle Tumours Sellar and Supra Sellar Tumours Posterior Fossa Tumours Pineal tumours Uncommon Tumours and Tumour Syndromes Neurotrauma and Intensive Care Vascular Neurosurgery Principles of Spinal Surgery Spinal Pathology Spinal Trauma Peripheral Nerve Surgery Functional Neurosurgery Epilepsy Paediatric Neurosurgery Neurosurgery for Cerebrospinal Fluid Disorders and Neurosurgical Infection Each section takes a dual approach with Generic Surgical Management chapters that focus on specific clinical problems facing the neurosurgeon e.g sellar supra sellar tumour Intracranial Spinal Tumours etc and Pathology Specific chapters e.g Glioma Meningeal Tumours Scoliosis and Spinal Deformity Aneurysm etc Where appropriate this division provides the reader with easily accessible information for both clinical problems which present in a regional fashion and specific pathologies The generic chapters cover aspects such as operative approaches neuroanatomy and nuances Specifically each chapter in the book incorporates several strands Firstly the fundamental neuroscience anatomy pathology genetics etc that underlies the clinical practice Secondly a review of the requisite clinical investigations e.g angiography electrodiagnostics radiology Thirdly a thorough evidence based review of clinical practice Following this a consideration of the key debates and controversies in the field with pro and con sections e.g

minimally invasive spine surgery microsurgical treatment of aneurysms is provided A summary of the key papers and clinical scales relevant to neurosurgery form the concluding part The book is a one stop text for trainees and consultants in neurosurgery residents those preparing for sub specialty exams and other professionals allied to surgery who need to gain an understanding of the field It acts as both a point of reference to provide a focussed refresher for the experienced neurosurgeon as well as a trusted training resource
