What's the greatest gift that one person can give another Jan Goldstein's stunning debut novel All That Matters is a deeply moving endearing tale of a young woman who with the help of her feisty grandmother makes a journey from the very brink of death and despair into a full embrace of life Jennifer Stempler has nothing left to lose the love of her life dumped her her mother died in a senseless car accident five years ago and her famous Hollywood producer father started a brand new family with no room in it for her So 23 year old Jennifer decides to pursue peaceful permanent oblivion on the beach near her home in Venice California drifting on a lethal combination of Xanax and tequila But she can't even get that right Jennifer's depression is no match for her Nana's determination Gabby Zuckerman refuses to let her granddaughter self destruct With promises made to Jennifer's father and doctors Gabby whisks Jennifer back to her home in New York City intending to prove to Jennifer that her life cannot possibly be over yet In fact it has just begun Through jaunts in Central Park to road trips to Maine Gabby teaches Jennifer how to trust and hope again And by relating her own tragic and heroic experience during the Nazi occupation of Poland Gabby bestows upon Jennifer an understanding of her own life's value But when Gabby reveals a secret one that proves to be Jennifer's toughest challenge yet Jennifer struggles to find out whether the gift will sustain her Combining the unabashedly heart warming sentiment of Robert James Waller's The Bridges of Madison County or Nicholas Sparks's Message in a Bottle with the irreverent humor of Jennifer Weiner's In Her Shoes Goldstein's All That Matters is an inspirational first novel that leads readers to the core of what matters in life family hope and savoring each moment **Christ Is All That Matters**

The Variety of Values Susan R. Wolf,2015 For over thirty years Susan Wolf has been writing about moral and nonmoral values and the relation between them This volume collects Wolf s most important essays on the topics of morality love and meaning ranging from her classic essay Moral Saints to her most recent The Importance of Love Wolf s essays warn us against the common tendency to classify values in terms of a dichotomy that contrasts the personal self interested or egoistic with the impersonal altruistic or moral On Wolf s view this tendency ignores or distorts the significance of such values as love beauty and truth and neglects the importance of meaningfulness as a dimension of the good life These essays show us how a self conscious recognition of the variety of values leads to new understandings of the point the content and the limits of morality and to new ways of thinking about happiness and well being
