The Experience of Life Witness Lee, 1988 *Your Life's Puzzle* August Leo, 2024-07-30 There are so many people who are suffering in silence When they're in public they put on a face as though everything is well When they are alone they slip back into depression We need to learn to get along stop judging and learn to love one another That begins with the person you see in the mirror The most powerful thing in the world is the human mind People should take the words can't and impossible out of their vocabulary If those two words are in your vocabulary you will have a defeated mindset and you will fail before you get started If you have faith belief Come up with a plan and take action Anything is possible The power is in belief If you have the will anything is possible The purpose of the material in this book is to give the gift of hope I want to inspire you people and lift them up There are some people who are stressed out and depressed and have fallen into a dark place because of things they have experienced in life Some of them have given up and stopped looking for a way out If you are in a dark place in life darkness cannot drive out darkness It takes light to drive out darkness We are bombarded with negativity from news and social media all day long The materials in this book are meant to be a ray of light to drive out the darkness The short stories in this book are about real people who've made mistakes You can't make all your mistakes but you can learn from someone else Another purpose of this book is to encourage people to use their inner pain and hurt as fuel to push themselves toward their dreams If you're not happy where you are in life it's up to you to change it You have to take responsibility for your life No one is going to do it for you No one is going to care for you more than you care for yourself Here is a list of some of the topics that will be discussed in this book learning disabilities depression loneliness suicide intuition solitude self love self hate self worth self esteem stress and much more **Life's Mysteries** Osho, 2000-10-14 I teach love of life This was the basis of all of Osho's teachings and one that was often lost in the controversies that surrounded him for most of his career as a spiritual guide A man of vast learning who had read everything he could find to broaden his understanding of the belief systems and psychology of modern man he was at the same time completely original in his approach insisting on finding out the truth for himself rather than accepting what had been taught by others Iconoclastic yet persuasive lucid yet grounded in a wealth of theological knowledge his message found a worldwide audience In Life's

Mysteries the reader is introduced to some of the key tenets of Osho's philosophy A sampling Life I teach the art of living your life totally of being drunk with the divine through life Love If you really want to know about love forget about love and remember meditation just as if you want to bring roses into your garden forget about roses and take care of the rosebush In the right time the roses are destined to come Sex If it can give birth to a child to a new life you can imagine its potential it can bring a new life to you too Enlightenment You should not make any effort you should relax and enlightenment comes Death To me death is not the end of life but the very climax If you have lived rightly if you have lived moment to moment totally if you have squeezed out the whole juice of life your death will be the ultimate orgasm
