

An artistic illustration of two birds, possibly plovers or similar ground-dwelling species, standing on a sandy or muddy surface. Both birds have a prominent, dark, pointed crest on their heads. Their plumage is a mix of brown, grey, and white, with dark streaking on the wings and back. The bird in the foreground is shown in profile, facing left, while the second bird is positioned slightly behind and to the right, also facing left. The background is a simple, light-colored wash with some faint vertical lines suggesting a distant shoreline or sky.

Allen W Seaby Art And Nature:

Allen W. Seaby Martin Andrews, Robert Gillmor, 2014 Allen W Seaby's life has been described as a classic tale of Victorian self improvement. But there is more to the tale than just upward mobility. A W Seaby was a pioneering innovative and inspirational man who rose to become a prominent print maker, teacher, author and illustrator. Best known for his colour woodcut printing using traditional Japanese methods and as a prominent wildlife artist, the story of Seaby's many accomplishments is recounted by his grandson who inherited Seaby's love of birds and became internationally renowned in his own right. Robert Gillmor. Alongside this personal recount, Martin Andrews, Seaby's successor as President of the Reading Guild of Artists, selects aspects of his career and expands upon his techniques, his illustrative methods, his circle of fellow artists and the books he published to give a full and rounded account of a man whose work is currently enjoying a well deserved renaissance.

Art and Nature Appreciation George Howard Opdyke, 1959 Yoshijiro Urushibara Hilary Chapman, Libby Horner, 2017 Yoshijiro Urushibara: A Japanese printmaker in London is a catalogue raisonné of the work of Yoshijiro Urushibara 1889-1953, a Japanese artist and craftsman who lived and worked in London from 1910 to 1940. During his thirty years in Europe, Urushibara produced a considerable number of prints and played a major role in encouraging the production and appreciation of the colour woodcut in the Japanese manner, especially in Britain. Throughout his career, Urushibara contributed to cross cultural interactivity, collaborating with several European artists. His most famous and successful collaboration was with the British artist Frank Brangwyn 1867-1956. The authors had unique access to the artist's family archive in Tokyo and recorded and evaluated the extent of Urushibara's print production. With fully researched catalogue entries, full colour illustrations and illuminating biographical and contextual essays, this publication, the first of its kind in the English language, provides a comprehensive account of Urushibara's life and oeuvre.
