Rosenzweig's Bible Mara H. Benjamin, 2009-03-02 Mara Benjamin argues that Rosenzweig's reinvention of scripture illuminates the complex interactions between modern readers and ancient sacred texts

A Study of Erotic Literature in England W. v. Murat, 2019-09-24 The present work fills a gap as it attempts to offer a history of erotic literature published in the United Kingdom The word Study in the title is perhaps a bit exaggerated as the material is largely taken from the now well known bibliographies by Pisanus Fraxi Henry Spencer Ashbee and quotations from the books themselves The time line is WW II Who was the author He may have been Charles Reginald Dawes 1879 1964 who is supposed to have written but not published a text of this or a similar title His profession or his activities are not known he once called himself a writer but library catalogues credit him only with two publications The Marquis de Sade Paris 1927 and Retif de la Bretonne London 1946 privately printed He may have been a popular writer under pseudonyms though Dawes owned a good erotica collection which he willed to the British Museum Library that would explain why the author of this Study if he was Dawes could quote freely from erotic texts which only few of his contemporaries would have had available The main merits of this book are that the author was thoroughly familiar with English and French erotic literature and that he put his material in chronological order and in context The editor added a number of references illustrations and indices of personal names and titles to facilitate navigation

Adult Comics Roger Sabin, 2013-10-11 In a society where a comic equates with knockabout amusement for children the sudden pre eminence of adult comics on everything from political satire to erotic fantasy has predictably attracted an enormous amount of attention Adult comics are part of the cultural landscape in a way that would have been unimaginable a decade ago In this first survey of its kind Roger Sabin traces the history of comics for older readers from the end of the nineteenth century to the present He takes in the pioneering titles pre First World War the underground comix of the 1960s and 1970s fandom in the 1970s and 1980s and the boom of the 1980s and 1990s including graphic novels and Viz Covering comics from the United States Europe and Japan Adult Comics addresses such issues as the graphic novel in context cultural overspill and the role of women By taking a broad sweep Sabin demonstrates that the widely held notion that comics grew up in the late 1980s is a mistaken one largely invented by the media Adult Comics An Introduction is intended primarily for student use but is written with the comic enthusiast very much in mind

Containment in Seventeenth-Century Chinese Fiction Keith McMahon, 1988 A number of features characterize late Ming vernacular fiction as part of the general cultural expansion of that period These features centrally include the exposition of sexual transgression and the function of containment by which is meant the ideology of the control of desires The late Ming writers are studiously devoted to illustrating minute obscene or erotic details that belie the decorum of the orthodox surface However this subversiveness of detail decreases in intensity from the late Ming to the early Qing when values of containment are reinvoked Related topics are the theme of causality and its role in the story's mapping of the logic of adultery adultery as an emblem of the woman's escape from containment and the use of the narrative topos of the gap in the wall as a locus of sexual transgression **A Reference Guide for English Studies** Michael J.
