A menudo me preguntan qué se siente al ser mujer Me quedo perpleja porque no sé ser otra cosa excepto serlo Ella me eligió a mí Simplemente cede Ser mujer es como correr en una cinta no se llega del todo a ninguna parte Cada día retomas la carrera desde donde la dejaste el día anterior En estas páginas celebramos los males de la depilación y los días de mal pelo marcamos las casillas y rompemos las reglas y nos disculpamos por envejecer y nos sentimos culpables cuando nos ascienden en el trabajo Hablamos de consejos no deseados como también ofrecemos algunos Suspiramos sonreímos y despreciamos Observamos absorbemos juzgamos y comparamos Somos dueñas de nuestro espacio Los temas del libro son mujeres que conozco No se trata de pura coincidencia sino de pura intención En el libro no se ha realizado ninguna investigación a no ser que se consideren as las bromas que surgen en las copas en las llamadas telefónicas de larga distancia o en las fuentes Permitanme quiero hablar unos minutos más sobre ser mujer justo antes de despedirme Estoy enamorada de mi existencia y no cambiar a mi posición con nadie ni con una amiga ni con un amigo Estoy agradecida Por supuesto Estoy agotada Si Soy más sabia No No sé qué decir a las mujeres que se me acercan con la impresión de que sé más Estoy listo para rendirme No Por el amor por nosotras Por todas las mujeres que conozco conozco y conocer

Covid-19 and Insurance María Luisa Muñoz Paredes, Anna Tarasiuk, 2023-01-10 This book offers a novel study on the impact of the Covid 19 pandemic on insurance from an international and comparative perspective It assesses how insurance has to adapt to a new landscape the effects of which will last over time and cut across all areas of the field To avoid physical contact digitalisation has accelerated dramatically affecting insurance in all its phases risk selection underwriting pricing and claims settlement However the effects of the Covid 19 pandemic go far beyond that The extent to which a claim caused directly or indirectly by the virus is or is not covered by a given policy has been the subject of debate in many insurance branches The most litigated cases worldwide are those that concern damages resulting from business interruption due to restrictions enforced by the authorities in virtually every country This book analyses the rulings

for and against the insured that have already been handed down by courts in various jurisdictions for example in the US Latin America Spain and Germany in order to provide guidance to the parties in future lawsuits and also to guide the courts own responses This analysis extends to the measures that governments have taken in relation to insurance during the pandemic as well as the changes that insurers have introduced in their general conditions to exclude coverage for the pandemic This response is unsatisfactory as the big question is how pandemic related risks can be covered if private insurers simply refuse to do so Solutions based on risk sharing with public entities or the use of contractual modalities such as parametric insurance are among those outlined by the authors The book was written by experts from academia and lawyers specialising in this field and written for all those interested in the field of insurance lawyers judges academics and legal professionals
