

Sonnet 18 (Shall I compare thee to a summer's day?)

By William Shakespeare

Directions: Work to paraphrase the poem into its literal meaning, identify the examples of figurative language and/or poetic devices, and determine the tone of the poem and the poem's theme.

How to analyze figurative language:

1. **Identify and state the type of figurative language** is being used. (Simile, metaphor, personification, hyperbole, or alliteration)
2. **Explain why it is an example of that device.** If it is a comparison, include both the **tenor** and the **vehicle**. The **tenor** is the subject of the comparison, the **vehicle** is the image or idea that represents the subject.
3. **Explain the idea the writer is expressing through the language.** Don't just define the term, explain how and why it is used.

Shall I compare thee to a summer's day? Thou art more lovely and more temperate: Rough winds do shake the darling buds of May, And summer's lease hath all too short a date: Label the rhyme scheme:	Lines 1-4 (Vocabulary): Define the following: Temperate: Lease: Art (not the subject):
Line 1: Type of figurative language: Tenor: _____ Vehicle: _____	Line 1: What is "thee"? What are two possible options?
Line 4: (Figurative Language) Type of figurative language: Why is "summer's lease" too short?	Whole Stanza: Why do you think the speaker chose summer to make the comparison?

England in Literature John Pfordresher, 1989

A textbook tracing the development of English literature from 450 A D to the 1950's Shakespeare's Drama in Poetry Alessandro Serpieri, 2018-05-01 This volume presents for the first time in English a selection of seminal studies originally published in Italian on the dramatic potential of Shakespeare's Sonnets providing a crucial contribution to a recently revived debate on their inherent dramatic dimension These studies long antedate the recent attention internationally dedicated to the formal and semiotic functions of the communicative structure of the sonnets providing the basis for a new perception of their peculiar capacity to perform speech acts within dramatically defined situations The first longest section is dedicated to a discussion of the so called Sonnets of Immortality where the poet struggles with Time over the future of the fair youth providing the argumentative premise upon which issues of mortality and loss running through the whole collection are defined in the agonistic terms of human defiance of Time's destructive power There follow two essays devoted to Sonnets 33

and 29 and to the last sonnets for the young friend respectively Here the poet abandons the battlefield of human mortality and engages with the tensions and conflicts of affection and moral duty against the backdrop of an intrinsically conflicting world model showing a medieval symbolic universe traversed by incipient yet radical sceptical stances These poems interlace fictionality and biography constructing a lyrical drama where the I poet features as an extraordinarily artificial yet all too real voice
