2025 America's Best Drivers Report®

From Brownsville to Boston: Mapping America's Safest and Riskiest Drivers

Take a coast-to-coast journey through the latest driving trends. This year's report spotlights the cities where drivers excel, where they face challenges, and the regions redefining road safety.

Key

- Top 10 safest cities
- Bottom 10 riskiest cities
- Most improved cities
- Least improved cities
- Speediest cities

Texas leads the nation in safe driving. Brownsville ranks #1 with Laredo, McAllen, and Corpus Christi rounding out the top 20.

The Pacific Northwest is home to the nation's most improved drivers. Bellevue, WA leads the pack, jumping 133 spots.

California cities rank among the riskiest. Los Angeles, Glendale, and Oakland fall in the bottom 10. Californians slam on the brakes 26% more often than the national average.*

Boston remains the most collision-prone city. Drivers there are 3.5x more likely to be in a crash than the national average. Seven out of the 10 riskiest cities for drivers are in the Northeast.

Driving safety is slipping in the Midwest. St. Louis, Des Moines, and Kansas City have dropped up to 90 spots since 2015.

The fastest drivers are in Alabama and Indy. Birmingham, AL leads in speeding, followed closely by Indianapolis. Detroit and Chicago drivers also frequently exceed speed limits by 15+ mph.*

Stay safe and save while driving no matter where the road takes you.

Buckle up, every time.

Always wear your seatbelt – it's your first line of defense in a crash.

Respect speed limits.

Drive at or below posted speed limits, especially in school zones and residential areas. Keep a safe distance from other vehicles.

Drive sober & well-rested.

Never drive under the influence or when fatigued. Impaired or drowsy driving puts everyone at risk.

Stay focused, stay safe.

Avoid distractions. Keep your phone out of reach and don't eat, fix your hair, or adjust controls like the navigation app while driving.

Signal & check blind spots.

Always use turn signals and check mirrors and blind spots before changing lanes or turning.

*Regional driving behavior statistics are based on 2024 data from Allstate's mobility intelligence insights, which analyze aggregated and anonymized driving behavior – including phone handling, high-speed driving, and hard braking – across the 200 most populous U.S. cities.

Allstate Americas Best Drivers Report

Bryan E. Porter

Allstate Americas Best Drivers Report:

America's Top Rated Cities, Volume 1: Southern Grey House Publishing, 2008 America's Top Rated Cities is a four volume set each book covering a specific region of the United States Southern Western Central and Eastern Each volume includes narrative city backgrounds statistical information rankings and comparative data in one easy to use source on cities that have scored high marks on economy education health care crime transportation leisure activities and arts culture the final list of top rated cities is derived from our unique rating system which is based on a number of well known best of lists and first hand experience **Official Gazette of the United States Patent and Trademark Office**, 2007

Confessions of a Recovering Engineer Charles L. Marohn, Jr., 2021-09-08 Discover insider secrets of how America's transportation system is designed funded and built and how to make it work for your community In Confessions of a Recovering Engineer Transportation for a Strong Town renowned speaker and author of Strong Towns Charles L. Marohn Jr. delivers an accessible and engaging exploration of America's transportation system laying bare the reasons why it no longer works as it once did and how to modernize transportation to better serve local communities You'll discover real world examples of poor design choices and how those choices have dramatic and tragic effects on the lives of the people who use them You'll also find case studies and examples of design improvements that have revitalized communities and improved safety This important book shows you The values of the transportation professions how they are applied in the design process and how those priorities differ from those of the public How the standard approach to transportation ensures the maximum amount of traffic congestion possible is created each day and how to fight that congestion on a budget Bottom up techniques for spending less and getting higher returns on transportation projects all while improving quality of life for residents Perfect for anyone interested in why transportation systems work and fail to work the way they do Confessions of a Recovering Engineer is a fascinating insider's peek behind the scenes of America's transportation systems **Handbook of Traffic Psychology** Bryan E. Everyday Las Vegas Rex J. Rowley, 2013-04-01 Every year more than thirty five million people from all over the world visit Las Vegas only two million call the city home Everyday Las Vegas takes a close look at the lives of those who live in a place the rest of the world considers exotic even decadent Using broad research including interviews with more than one hundred Las Vegans Rex Rowley who grew up in Las Vegas examines everyday life in a place that markets itself as an escape from mundane reality Rowley considers such topics as why people move to Las Vegas the nature of their work and personal lives the impact of growth and rapid change and interaction with the overwhelmingly touristic side of the city He also considers the benefits and perils of living in a nonstop twenty four hour city rich in entertainment options and easy access to gambling drugs and other addictions His examination includes the previously unstudied role of neighborhood casinos patronized by locals rather than tourists and the impact that a very mobile population has on schools churches and community life Rowley considers the very different ways people perceive a place as insiders or outsiders a dichotomy that arises when tourism is a mainstay of the local economy His work offers insights into what Las Vegas can teach us about other cities and American culture in general It also contributes to our understanding of how people relate to places and how the personality of a place influences the lives of people who live there

Canadian Environmental Directory Laura Mars-Proietti, 2007-12 The Canadian Environmental Directory is Canada's most complete national listing of environmental associations and organizations government regulators and purchasing groups product and service companies special libraries and more The extensive Products and Services section provides detailed listings enabling users to identify the company name address phone fax e mail Web address firm type contact names and titles product and service information affiliations trade information branch and affiliate data The Government section gives you all the contact information you need at every government level federal provincial and municipal Also included are descriptions of current environmental initiatives programs and agreements names of environment related acts administered by each ministry or department plus information and tips on who to contact and how to sell to governments in Canada The Associations section provides complete contact information and a brief description of activities Included are Canadian environmental organizations and international groups such as industry commercial and professional associations registered charities and special interest and common interest organizations Providing all the information you need about the Canadian environmental industry directory of products and services special libraries and resource conferences seminars and tradeshow chronology of environmental events law firms and major Canadian companies The Canadian Environmental Directory is ideal for business government engineers and anyone conducting research on the environment
