Gimpel, 2016-05-02 One spirited woman, three coyote shifters, e-reader ecstasy. Late 1930s California. The winds of change are blowing hard as shifters gather deep in the Sierra Nevada Mountains for a war powwow. Tempers run high as they argue their next move. An unexpected attack from more Hunters than they've ever seen forces their hand, and Blake, alpha for the coyote clan, fights alongside his brothers. He's grimly pleased when every single one of their enemies is finally dead, the bodies chucked into glacial crevasses. Sophie, Laughing Wolf, tracked her hated brother into the mountains. Gifted with foreseeing, she wants to make certain he ends up just as dead as he was in her vision. When the large group of men he's with are set upon by shifters, mythical dual-natured beings who can take animal forms, she hides, calling on earth power to shield her. It doesn't work. Two shifters back in their men's bodies haul her from her hiding place once the battle ends and drag her before their chief. He spares her life for now, but she senses the animosity the others have for her. They see her as a threat, a witness to multiple murders. When the mate bond strikes, she fights its pull. So does Blake. He can't believe the gods would be so cruel as to bind him and his lieutenants to a woman with blood ties to Hunters, their ancient enemy. She runs from her fate. So does he, but the bond burns bright, transcending everything. PRAISE FOR THE WOLF CLAN SHIFTER SERIES. Let's hear it for the mate bond! WHEW! What an ALPHASTASTIC story! And WOW! I don't know how my tablet didn't melt! Goodreads review: Ann Gimpel does a great job of making the characters speak like they are in the correct time period. The story was credible of its era. She also set a good foundation for the series, explaining the relevance of the hunters and the lack of mates. Goodreads review: This story is super HOT and it kept me intrigued through each and every chapter. I love Ann's writing style, and Alice's Alphas definitely did not disappoint. Highly recommend this steamy shifter tale. I was intrigued to read something from this time period and wasn't disappointed. I found myself several times looking up things like flashlights, cars, and phones out of curiosity. This is the first book I've read by this author, and it won't be the last. I liked her take on the Shifters and Hunters, and the magic was something unique too. Rainy Day Reader.
