The sensation between here and there.

To satisfy those given to spontaneous fun often requires the most disciplined patience. For proof, consider the Mitsubishi Montero.

Montero's designed to give new freedom to your imagination. Patiently crafted with all the power of 2.6 liters, the independence of both 2- or 4-wheel drive and plenty of room for all your cargo. Even if all you're carrying is an impulsive imagination.

Montero's five-speed manual overdrive transmis-

sion and fully independent front torsion bar suspension help you navigate the shortcuts with confidence and ease. While its hefty all-terrain radials give you the ground clearance you need when you take the high road.

Of course in town, Montero still knows how to be a perfect gentleman. Its ergonomically shaped interior includes reclining front bucket seats and plush carpeting. And to make sure that cruising downtown is just as easy as cruising the backroads Montero comes equipped

with power assist steering and power assist vented front disc brakes.

The Mitsubishi Montero. With prices starting as low as \$9889,* it's not only a unique experience but an exceptional value. Patiently crafted to transport your imagination from here to there... even if there is nowhere.

Bridging the Gap Between Policy and Science in Assessing the Health Status of Marine Ecosystems, 2nd Edition Angel Borja, Michael Elliott, María C. Uyarra, Jacob Carstensen, Marianna Mea, 2017-03-22 Marine management requires approaches which bring together the best research from the natural and social sciences It requires stakeholders to be well informed by science and to work across administrative and geographical boundaries a feature especially important in the inter connected marine environment Marine management must ensure that the natural structure and functioning of ecosystems is maintained to provide ecosystem services Once those marine ecosystem services have been created they deliver societal goods as long as society inputs its skills time money and energy to gather those benefits However if societal goods and benefits are to be limitless society requires appropriate administrative legal and management mechanisms to ensure that the use of such benefits do not impact on environmental quality but instead support its sustainable use

Evaluation of Online Higher Education Ana Balula, António Moreira, 2014-05-27

The work presents a theoretical framework for the evaluation of e Teaching that aims at positioning the online activities designed and developed by the teacher as to the Learning Interaction and Technology Dimensions The theoretical research that underlies the study was developed reflecting current thinking on the promotion of quality of teaching and of the integration of information and communication tools into the curriculum in Higher Education HE i e bearing in mind some European guidelines and policies on this subject This way an answer was sought to be given to one of the aims put forward in this study namely to contribute towards the development of a conceptual framework to support research on evaluation of e teaching in the context of HE Based on the theoretical research carried out an evaluation tool SCAI was designed which integrates the two questionnaires developed to collect the teachers and the students perceptions regarding the development of e activities Consequently an empirical study was structured and carried out allowing SCAI tool to be tested and validated in real cases From the comparison of the theoretical framework established and the analysis of the data obtained we found that the differences in teaching should be valued and seen as assets by HE institutions rather than annihilated in a globalizing perspective
