A World Made for Money Bret Wallach,2015-05-01 A spirited and incisive survey of economic geography A World Made for Money begins with the author stopped at a red light in Norman Oklahoma Observing the landscape of drugstores and banks and for that matter the stoplight and roads themselves Bret Wallach observes Everything I see has been built to make money or at the very least to facilitate making money This he argues is a global phenomenon that nonetheless has occurred only within the past hundred years or so Although guidebooks and culture brokers often disparage these landscapes of commerce Wallach recipient of a MacArthur genius grant argues that we would do well to pay them close attention A World

Made for Money provides a compelling condensed tour of our world From Silicon Valley to Sri Lanka from post Soviet Russia to post apartheid South Africa Wallach looks at how human beings are buying manufacturing working growing and shipping food and accessing the natural resources to fuel it all These essential facets of daily life propelled by the profit motive represent a transnational force shaping our surroundings and environment in ways that may not always be beautiful or even healthy but that are fundamental to understanding how the world works in the twenty first century Wallach examines the relationship between acquisitiveness and landscape reveals surprising contradictions and nuances and provides fresh perspective on politically charged topics such as sprawl deindustrialization and agribusiness **Drum** ,2008 **The Botswana Law Reports** ,2012 *Report of the Comptroller and Auditor-General for the Financial Year Ended ...
