Franceschini, Nicholas Loubere, 2018-04-01 According to the Chinese zodiac 2017 was the year of the fire rooster an animal often associated with the mythical fenghuang a magnificently beautiful bird whose appearance is believed to mark the beginning of a new era of peaceful flourishing Considering the auspicious symbolism surrounding the fenghuang it is fitting that on 18 October 2017 President Xi Jinping took to the stage of the Nineteenth Party Congress to proclaim the beginning of a new era for Chinese socialism However in spite of such ecumenical proclamations it became immediately evident that not all in China would be welcome to reap the rewards promised by the authorities Migrant workers for one remain disposable Lawyers activists and even ordinary citizens who dare to express critical views also hardly find a place in Xi's brave new world This Yearbook traces the stark new gilded age inaugurated by the Chinese Communist Party It does so through a collection of more than 40 original essays on labour civil society and human rights in China and beyond penned by leading scholars and practitioners from around the world **Bezalel's Body** Katie Kresser, 2019-12-18 When God died art was born

Comparative Perspectives on Criminal Justice in China is highly recommended The editors have assembled the leading Western and Chinese scholars in the field to examine the administration of criminal justice in China showing both how far the system has come and the challenges that lie ahead This is an important and timely book It is essential reading for anyone who wants to understand or has to deal with the Chinese criminal justice system Klaus M Hlshahn Freie Universität Berlin Germany This highly informative and engaging volume on the Chinese criminal justice system today provides a window into the vagaries of law and its operation in the People's Republic McConville and Pils bring together an impressive array of scholars whose studies span the criminal process From initial police investigation through to prosecution and sentencing of defendants we see how dominant values in the Chinese state and its structures of power make the practice of criminal justice

today still intensely political Susan Trevaskes Griffith University Australia Comparative Perspectives on Criminal Justice in China is an anthology of chapters on the contemporary criminal justice system in mainland China bringing together the work of recognised scholars from China and around the world The book addresses issues at various stages of the criminal justice process investigation and prosecution of crime and criminal trial as well as problems pertaining to criminal defence and to parallel systems of punishment All of the contributions discuss the criminal justice system in the context of China s legal reforms Several of the contributions urge the conclusion that the criminal process and related processes remain marred by overwhelming powers of the police and Party State and a chapter discussing China s 2012 revision of its Criminal Procedure Law argues that the revision is unlikely to bring significant improvement This diverse comparative study will appeal to academics in Chinese law society and politics members of the human rights NGO and diplomatic communities as well as legal professionals interested in China
