The Drama of Trauma Adam Frederick, 2012-09-09 *The Drama of Trauma* is a fictional series based on real life events that EMTs and Paramedics are faced with during a normal shift. With graphic detail you will feel as if you too are beside the patient on the scene in the ambulance and at the hospital. This series is made up of real life accounts of both private and municipal Emergency Medical Service workers. Minor changes have been made to protect the privacy of the patients and others involved. The job of an Emergency Medical Technician and Paramedic is both stressful and rewarding. Not everyone is cut out for it and many don't make it past their first year but those that do they do it because it is a job that they love to do.

Paramedics On and Off the Streets Michael K. Corman, 2017-01-01 In *Paramedics On and Off the Streets* Michael K. Corman embarks on an institutional ethnography of the complex, mundane, intricate and exhilarating work of paramedics in Calgary, Alberta. Corman's comprehensive research includes more than 200 hours of participant observation, ride alongs with paramedics over a period of eleven months, more than one hundred first hand interviews with paramedics and thirty six interviews with other emergency medical personnel including administrators, call takers and dispatchers, nurses and doctors. At the heart of this ethnography are questions about the role of paramedics in urban environments, the role of information and communication technologies in contemporary health care governance and the organization and accountability of pre-hospital medical services. *Paramedics On and Off the Streets* is the first institutional ethnography to explore the role and increasing importance of paramedics in our healthcare system. It takes readers on a journey into the everyday lives of EMS personnel and provides an in depth sociological analysis of the work of pre-hospital health care professionals in the twenty first century.
