America 2020 The Survival Blueprint:

America 2020 Porter Stansberry, Ron Paul, 2015-03-19 Hard copy The United States is destroying itself from the inside out The Corruption of America is a kind of moral decay a kind of greed a kind of desperate grasp for power And it s destroying our nation These corruptions do not need to exist If individual Americans take it upon themselves to become better citizens act with rational self interest and reject the ethos of getting yours we can correct these corruptions That s why Stansberry Research founder Porter Stansberry published *America 2020 The Survival Blueprint* Many are referring to it as the most valuable book in America I love the book it is so clear and concise Though I have studied a bit about the smartest way to survive what is coming this put all the best ideas together in one place My hat is off to you guys J R Absolutely excellent book I need to buy another 12 for my family and friends K B I read it the first day I had it It is a great book that explains our current situation simply and very accurately I intend to continue to use this book as a guide for investing and I will recommend it to my family and friends L R This is a story all Americans should know about I don t usually buy things off the Internet but I am extremely glad that I made an exception in this case C R *Building a Unified American Health Care System* Gilead I Lancaster, 2023-03-28 A blueprint for comprehensive science based health care system reform Financial and political pressures on our health care system have negatively impacted individual care and the health system as a whole an issue that has only become more acute because of the COVID 19 pandemic In *Building a Unified American Health Care System* Gilead I Lancaster MD lays out a blueprint for comprehensive health care reform proposing a unified system run by health care professionals not politicians or commercial health insurance companies that offers universal coverage and access Lancaster compares the current arguments for single payer versus commercial health insurance systems with arguments in the early 1900s for a central bank versus regional commercial banks He then introduces a novel solution the establishment of a National Medical Board similar to the Federal Reserve System that helped fix the American banking system over a century ago Along with other innovations a plan co created by Lancaster dubbed EMBRACE Expanding Medical and Behavioral Resources with Access to Care for Everyone would involve creating a modern evidence based health care system one offering universal coverage for basic needs while allowing for commercial insurance participation Emphasizing the importance of separating health care from governmental and commercial pressures and incentives Lancaster explains the need for comprehensive rather than incremental reform of the American health care system *America's Horror Stories* Kevin Revier, Favian Alejandro Martín, 2024-12-31 America s Horror Stories U S History through Dark Tourism conducts a ghost tourist methodology to explore how slavery and racism are represented in dark tourism via ghost tours The authors travel to key sites of racist U S history including Salem Massachusetts where a witch panic was sparked by accusations of witchcraft by Tituba an enslaved woman practicing Voodoo New Orleans Louisiana which hosts the largest slave trade market the Myrtles Plantation in Francisville Louisiana and to Gettysburg Pennsylvania where the bloodiest battle of the Civil War took

place marking a pivotal moment to end slavery in the nation but where Confederate ghosts are said to continue roaming the town and battlefield Acting as research ghost hunters tourists the authors go on walking and bus tours visit historical monuments stay at haunted hotels ponder objects in haunted museums and do some ghost hunting of their own They find that the ghosts conjured by tour guides ghosts of confederate soldiers American citizens and enslaved people tend to whitewash sensationalize and commercialize the horrors of U S history including slavery racism and colonialism They do not discount dark tourism entirely but recommend a ghost tour ist pedagogy that critically considers social issues and structural forms of inequality that haunt us today America s Horror Stories will be of great interest to students and scholars researching and taking part in critical criminology and cultural criminology courses specifically on crime media and culture
