

American Civil War Essay

The American Civil War a cruel and bloody war between the southern and northern states of America. It all began in 1861 because the southern states realized that their control in the government was slipping away and the north was taking control by introduced a northern President who was "potentially anti-slavery."¹ and that these changers would change their way of life and the only solution was for the southern states to secede in order to "protect their way of life."² When in fact all the northern states wanted was for slavery not to spread to the western territories and to loosen the "tensions between north and south"³ while trying to keep the country whole. The reason the civil war went for so long is due to the fact that after every battle the victorious side never pursued or wiped out the whole army but rather chased them away, so they could rebuild their armies and come back for another try. During the civil war there have been many battles but one that stands out is the Savannah Campaign. This campaign was led by Maj. Gen. William T. Sherman was a very war hardened man with only negative ideas about war he lead the northerners through Georgia. His reason for starting this sort of campaign was that "He felt the South should pay for all of the destruction and misery that they have caused by starting the Civil War in the first place."⁴ Even though there was a lot of bloodshed and cruelty during the war I think that the "end always justify the means" because it had such and impact on the futures society and the way we view different cultures and races. We will delve deeper into Sherman's use of tactics and any comparisons that there are with Sherman's tactics and other tactics during the Civil War.

Sherman's choice of tactics during the Savannah Campaign where brutal , cruel, heartless and inhumane. An example of Sherman's brutality is seen in the way in which he and his soldiers attacked the civilians by threatening them and sometimes they where "Were even hanged to the verge of strangulation to compel revelation of the places where money, plate and jewelry were buried, or plantation animals concealed."⁵ This quote shows how truly hard Sherman must have been to kill civilians who aren't even on the battlefield just for some material items like jewelry is utterly unbelievable and astonishing. Sherman's main tactic was to attack or terrify the civilians so as to influence "desertions on the front lines of the Confederacy"⁶ once they found out what was happening to their loved ones. Inhumanness is one of the first impressions you receive of Sherman especially when he said "war is hell"⁷ and "I can make this march and make Georgia howl!"⁸ these quote have a raw harshness to them which can give you insight into the kind of man Sherman was and why he thought that attacking the civilians was fair war play. The tactics used by
