You Call This an Election? Steven E. Schier, 2003-02-10 Those who do not have their heads buried too deeply in partisan sands will know that there is something awry with the American form of electoral democracy Florida's continuing ability to misplace votes recently and in the 2000 Presidential election is only part of the iceberg we have been made privy to and Steven Schier takes a good hard evaluative look not only at what is there in plain sight but that which lurks below the surface and not only in Florida and not only with the electoral college He further proposes practical improvements that will make our surprisingly peculiar democratic processes healthy whole and responsive again Identifying four essential evaluative criteria for a democracy that genuinely works Schier asks us to examine the degree to which our system promotes political stability the degree to which our elected officials are held accountable what the problems are with voter turnout and how to improve it and asks for a meaningful scrutiny of governmental policy No look at our peculiar democracy would be complete without an examination of other established democracies nor a look at how special interests warp political parties and the concept of majority rule The solution to many of our electoral problems Schier argues lies in enhancing the roles and influence of political parties Schier proposes reforms that include broadening voter registration giving parties large blocks of free TV time adopting one punch partisan ballots making it easier for voters to cast a straight party vote abandoning initiatives which clutter up the ballot and utilizing party based financing to boost voter turnout With these proposals he encourages the creative consideration of election reform and shows how the Florida 2000 race may have played out had these suggestions been in place Schier's book appeals to any and every citizen interested in our electoral system and its role in governmental politics It is invaluable for professionals in political science and ideal for students in American government political parties
