Your 90's , The Culturally Customized Web Site Nitish Singh, Arun Pereira, 2005-04-18 In The Culturally Customized Web
 Site Nitish Singh and Arun Pereira focus on cultural aspects of international website design honing in on three objectives
 First to present a review and survey results on standardization localization issues on the web Second to present a
 scientifically tested framework to design culturally adapted international websites and provide marketers and web designers
 with practical web localization tools Third to show readers the power and effectiveness of culturally customized websites This
 is the first book to address the issue of website standardization localization or what the authors refer to as cultural

customization Little evidence has been accumulated to show whether international consumers prefer to browse and buy from standardized global websites or websites adapted to local cultures The Culturally Customized Web Site provides insights into whether the web is a culturally neutral medium of communication or a medium impregnated with cultural values Also presented is empirical evidence as to whether local consumers prefer standardized websites or websites adapted to their culture Visit www.theculturallycustomizedwebsite.com
