Star Schools for All Our Students United States. Congress. Senate. Committee on Labor and Human Resources, 1991

Shortchanged Annie Abrams, 2023-04-25 Shortchanged is a brilliant book The Washington Post Author and high school English teacher Annie Abrams reveals how the College Board's emphasis on standardized testing has led the AP program astray Every year millions of students take Advanced Placement AP exams hoping to score enough points to earn college credit and save on their tuition bill But are they getting a real college education The College Board says that AP classes and exams make the AP program more accessible and represent a step forward for educational justice But the program's commitment to standardized testing no longer reflects its original promise of delivering meaningful college level curriculum to high school students In Shortchanged education scholar Annie Abrams uncovers the political and pedagogical traditions that led to the program's development in the 1950s In revealing the founders' intentions of aligning liberal arts education across high schools and colleges in ways they believed would protect democracy Abrams questions the collateral damage caused by moving away from this vision The AP program is the College Board's greatest source of revenue yet its financial success belies the founding principles it has abandoned Instead of arguing for a wholesale restoration of the program Shortchanged considers the nation's contemporary needs Abrams advocates for broader access to the liberal arts through robust public funding of secondary and higher education and a dismantling of the standardized testing regime Shortchanged illuminates a better way to offer a quality liberal arts education to high school students while preparing them for college

A Guide for Courses in the History of American Agriculture Everett Eugene Edwards, 1939 The Macmillan Syllabus in American History Frank S. Anderson, 1967 *American Government* Susan Welch, 2004 **National Library of Medicine Current Catalog** National Library of Medicine (U.S.), 1992 **Resources in Education**, 1993-08 *Syllabus of a Course of Six Lectures on Party Government in the United States ...* Charles Austin Beard, 1908 **Research in Education**, 1971

Understanding American Government Susan Welch, 2004 UNDERSTANDING AMERICAN GOVERNMENT is highly respected and trusted for its attention to research and issues of diversity its award winning team of authors and its brief length made so by not covering policy While covering the basic foundations and features of American Government this text also moves beyond the nuts and bolts to explain why and how important features of government have evolved their impact on government and individuals and why these features are controversial if they are and worth learning More than just narrating facts and current issues UNDERSTANDING AMERICAN GOVERNMENT attempts to leave the students with an understanding of the why so their knowledge can be applied long after the course is completed AMERICAN GOVERNMENT with policy chapters is a three time winner of the American Government Textbook Award for the Best Treatment of Women in Politics by the Women's Caucus for Political Science
