

Introducing Government in America

Chapter 1

Vocabulary

- **Government:** the institutions through which public policies are made for a society.
- **Collective goods:** goods and services, such as clean air and clean water, that by their nature cannot be denied to anyone.
- **Politics:** the process of determining the leaders we select and the policies they pursue; the process produces authoritative decisions about public issues.
- **Majority rule:** a fundamental principle of traditional democratic theory; in a democracy, choosing among alternatives requires that the majority's desire be respected.
- **Pluralism:** a theory of American democracy emphasizing that the policymaking process is open to the participation of all groups with shared interests, with no single group usually dominating; theorists tend to believe that as a result, public interest generally prevails.
- **Hyperpluralism:** a theory of American democracy contending that interest groups are so strong that government, which gives in to the many different groups, is thereby weakened.
- **Elitism:** a theory of American democracy contending that an upper-class elite holds the power and makes policy, regardless of the formal governmental organization.
- **Political issue:** an issue that arises when people disagree about a problem and how to fix it.
- **Minority rights:** a principle of traditional democratic theory that guarantees rights to those who do not belong to majorities.
- **Policy agenda:** the issues that attract the serious attention of public officials and other people involved in politics at a point in time.
- **Policy impacts:** the effects a policy has on people and problems; these are analyzed to see how well a policy has met its goal and at what cost.
- **Political participation:** all the activities by which citizens attempt to influence the selection of political leaders and the policies they pursue. Voting is the most common means in a democracy. Other means are contacting public officials, protest, and civil disobedience.
- **Policy gridlock:** a condition that occurs when interests conflict and no coalition is strong enough to form a majority and establish policy, so nothing gets done.
- **Public policy:** a choice that government makes in response to a political issue; a course of action taken with regard to some problem.
- **Representation:** a basic principle of traditional democratic theory that describes the relationship between the few leaders and the many followers.

The Language-Rich Classroom Pérsida Himmele, William Himmele, 2009-07-13 Today's multilingual classrooms challenge even the best teachers' skills. As teachers strive to help all students reach their full potential, the needs of English language learners (ELLs) can seem overwhelming. In *The Language Rich Classroom*, educators and consultants Pérsida and William Himmele present a five-part research-based framework (CHATS) that teachers can use to help ELLs as well as other students attain greater language skills and deeper content comprehension. This field-tested framework includes diagnostic tools, comprehensive overviews on second language acquisition and teaching techniques to boost language learning in any classroom. The CHATS framework provides teachers with Content reading strategies, Higher order thinking skills, Assessment tools, Total participation techniques, and Scaffolding strategies. The book also contains helpful planning worksheets, assessment logs, and scaffolding tools. Teachers will also find more than 25 classroom and team building activities and specific tips about how these activities benefit ELLs. *The Language Rich Classroom* is an invaluable resource that will help teachers foster greater gains in students' language development, increase their comprehension across all subject areas, and build classrooms that are engaging and welcoming to students of all cultures.
