American Legends The Life Of Duke Ellington:

American Legends Charles River Editors, 2015-02-16 Includes pictures Includes Duke Ellington's quotes about his life and career Includes a bibliography for further reading Includes a table of contents I merely took the energy it takes to pout and wrote some blues Duke Ellington Art is dangerous It is one of the attractions when it ceases to be dangerous you don't want it Duke Ellington A lot of ink has been spilled covering the lives of history's most influential figures but how much of the forest is lost for the trees In Charles River Editors American Legends series readers can get caught up to speed on the lives of America's most important men and women in the time it takes to finish a commute while learning interesting facts long forgotten or never known In 1956 Duke Ellington was featured on the cover of Time Magazine after a bravura performance at the Newport Jazz Festival that summer This remains one of his most iconic achievements and a landmark for jazz music as a whole only four jazz musicians were ever displayed on the cover of Time At the same time however this recognition stands as one of the prevailing ironies of Ellington's career as he was deep into the latter stages of his performing life by this point Indeed there is a way in which everything that Ellington had done up to that point in his career was obscured Put differently it is misleading to recognize Duke simply for his accomplished performance at the festival as one could justifiably argue that he transformed the very nature of jazz both its stylistic qualities and its cultural identity in his career up until this point Duke Ellington's career covers such a vast scope that it is difficult to locate exactly where it began Born into a relatively well-to-do family in Washington D C Duke's mother saw to it that he received quality musical instruction from a young age yet this did not lead to immediate investment in the musical arts It was not until early in his teenage years that he began seriously playing music but his performing career began soon thereafter From that point forward Ellington's shift through adolescence through adulthood his very maturation process was inextricably tied to his growth as a musical performer Moreover Ellington was both a pioneer and someone invested in the cultural history of his race He was able to implement new motifs to jazz but did so in a manner that was forever committed to honoring the heritage of African American music In addition to live performances Ellington worked in radio and film and his work remains some of the most important in American culture during the time period His music addressed not only race but also influenced the evolution of jazz through the first half of the 20th century American Legends The Life of Duke Ellington looks at the life and career of one of America's most influential musicians Along with pictures of important people places and events you will learn about Duke Ellington like never before in no time at all **Concerto for Cootie** Steven C. Bowie, 2025-10-24 Jazz legend Cootie Williams left home to start his career as a professional musician at the age of fifteen In 1940 after eleven years as one of the major soloists with the Duke Ellington orchestra Williams was lured away to the band of Benny Goodman one of the most popular bands in the country At the time it was a controversial move it was still taboo for African Americans to share the bandstand with white people Current references reduce it to a song written by Raymond Scott When Cootie Left the Duke In reality it was a seismic event The

Black press predicted Black bands would collapse from raids on their ranks White musicians were afraid they would be put out of work And the white press stirred up visions of Black musicians mixing with white women in the new landscape of integrated orchestras The twenty years trumpeter Williams spent as a band leader 1942 1962 have been covered in only the barest of details His involvement in politics and the civil rights movement have not been detailed before An astute talent scout Williams and his band launched the careers of Eddie Cleanhead Vinson Earl Bud Powell Eddie Lockjaw Davis and Pearl Bailey He also was the first to record the music of a young Thelonious Monk using two of Monk s compositions *Epistrophy* and *Round Midnight* as theme songs for his band Steven C Bowie respectfully tells Williams s story from his Alabama ancestry onward including many new details rediscovered from the historical archives of the African American press and those gleaned from the author s interviews with his friends and colleagues

Duke Ellington Charlotte Etinde-Crompton, Samuel Willard Crompton, 2019-07-15 His was the greatest of talents concealed beneath a carefree exterior Duke Ellington possessed musical genius which he claimed to exert for the glory of God and on behalf of his fellow African Americans Readers will get to know the many sides of the legendary composer The sunshiny smile displayed at concert time could sometimes be replaced by a frightful temper behind the scenes Genius often comes at a price but Duke Ellington s work is paramount It includes 1 800 musical compositions and a virtually uncountable number of concert appearances Readers will agree that his contributions belong to the ages
