Jonathan Zimmerman, 2022-08-26 In this expanded edition of his 2002 book Zimmerman surveys how battles over public education have become conflicts at the heart of American national identity Critical Race Theory The 1619 Project Mask mandates As the headlines remind us American public education is still wracked by culture wars But these conflicts have shifted sharply over the past two decades marking larger changes in the ways that Americans imagine themselves In his 2002 book Whose America Zimmerman predicted that religious differences would continue to dominate the culture wars Twenty years after that seminal work Zimmerman has reconsidered arguments over what American history is what it means and how it is taught have exploded with special force in recent years In this substantially expanded new edition Zimmerman meditates on the history of the culture wars in the classroom and on what our inability to find common ground might mean for our future Journal of the National Education Association ,1947

Fighting Words James McEnteer, 2013-12-06 Fighting Words profiles five journalists who published the truth as they saw it no matter how their reporting angered politicians social and religious leaders or other journalists The five journalists are William Brann 1855 1898 Don Biggers 1868 1957 John Granbery 1874 1953 Archer Fullingim 1902 1984 and Stoney Burns Brent Stein 1942 2011 Though they lived in different eras all these men dealt with issues that society continues to face racism official corruption religious freedom educational reform political extremism of the left and right the clash of urban and rural values and the fear of change Their lives and work constitute a unique alternative perspective on Texas history and the history of journalism itself In addition to the troubling questions they raised on social issues these independent journalists challenge us as they challenged the mainline media of their own times to define the function of journalism and to examine the mandate of the First Amendment We may doubt the wisdom of some of their convictions but not the courage they needed to express them in the face of ridicule hostility intimidation and even death More than the specific causes they fought for the independents passion for truth and their absolute belief in free speech constitute their greatest legacy to us and to journalism **Books Related to the Social Studies in Elementary and Secondary Schools** United States.
