The First Freedoms and America's Culture of Innovation Narain D. Batra,2013-10-18 This is a book about the dynamics of the aspirational society It explores the boundaries of permissible thought deviations and transgressions that create constant innovations When confronted with a problem an innovative mind struggles and brings forth something distinctive new ideas new inventions and new programs based on unconventional approaches to solve the problem But this can be done only if the culture creates large breathing spaces by leaving people alone not as a matter of state generosity but as something fundamental in being an American Consequently the Constitutional mandate of Congress shall make no law has encouraged

fearless speech unrestrained thought and endless experimentation leading to newer developments in science technology the arts and not least socio political relations Most of all the First Freedoms liberate the mind from irrational fears and encourage an environment of divergent thinking non conformity and resistance to a collective mindset The First Freedoms encourage Americans to be iconoclastic to be creatively crazy to be impure thus enabling them to mix and re mix ideas to design new technologies and cultural forms and platforms anything from experimental social relations and big data explorations to electing our first black president

Preaching to a Divided Nation Matthew D. Kim,Paul A. Hoffman,2022-08-09 We live in angry times No matter where we go what we watch or how we communicate our culture is rife with division and polarization Unfortunately Christians appear to be caught up in the same animosity as the culture at large While our faith calls us to Christian unity the hard fact remains our churches are tragically divided across class ethnic gender and political lines As these social chasms grow both inside and outside the church the role of the preacher becomes paramount This book issues a prophetic call to pastors to use the influence of their pulpits to promote reconciliation and unity in their churches and communities Two scholar practitioners who are experts in homiletics and reconciliation present a practical 7 step model that empowers faithful leaders to bring healing and peace to their fractured churches and world The book includes questions for reflection salient illustrations and an accountability covenant It also includes useful appendixes on preaching themes preaching texts and sample sermons from three leading preachers Ralph Douglas West Rich Villodas and Sandra Maria Van Opstal
