Abstract

These authors proposed a group of three related adaptive algorithms for the estimation of the parameters of the unknown system. The first algorithm is based on the least squares method. The second algorithm is based on the recursive least squares method. The third algorithm is based on the recursive least squares method with forgetting factor. The authors also proposed a group of three related adaptive algorithms for the estimation of the parameters of the unknown system. The first algorithm is based on the least squares method. The second algorithm is based on the recursive least squares method. The third algorithm is based on the recursive least squares method with forgetting factor. The authors also proposed a group of three related adaptive algorithms for the estimation of the parameters of the unknown system. The first algorithm is based on the least squares method. The second algorithm is based on the recursive least squares method. The third algorithm is based on the recursive least squares method with forgetting factor.
