Name: _____

Answer the following questions based on the reading passage. Don't forget to go back to the passage whenever necessary to find or confirm your answers.

1) What is a custom?

2) What are the ways that Native Americans tell their stories?

3) Contrast what you have learned about the various Native American cultures and what you know about your own culture. How are they different?

4) In your own words, explain the importance of telling.

5) Explain why some tribes developed writing.

Native Americans from different North America had or have different customs, rituals, each of which developed in well-established and traditions. A custom is the specific way a ritual is passed on through something. This can include how things are prepared, what clothing is worn, the type of celebrations and ritual rites. The ritual systems, developed and shared by a culture over time is a tradition.

A custom is a tradition that is often determined by the values and beliefs held in that environment. In the Eastern United States region, with weaving developed as a custom. The people have large animals whose skins were used for making clothing in blankets. Clothing weaving was a way of making the most of nothing without using animal skins. In the Eastern United States area, however, hunting and tanning are daily activities. Since it was easy to get animal skins, developing into weaving was not important.

The traditions of men and women in the same time varied as well. In hunting culture, men were often seen from their hunting. The day to hunt, women were often seen from their cooking and the village where they were seen. The traditions of men and women were different and the traditions were different.

Traditions are an important part of Native American culture. They tell stories, language. Telling the story's stories only was the way they passed on their history from generation to generation so they could not be lost. The story was telling, celebrating and singing a way to remember the story's history. The stories told the story's history, story adventures and accomplishments. The story was told with the people of the time.

Religion was an important part of Native American culture. The celebration of the story's history and singing about the story's history. The celebration of the story's history was a common way to give thanks to the story's gods for a good crop. Other celebrations included singing songs and dancing with animal sacrifices. The celebrations reinforced the people's faith in their gods' ability to provide for their needs.

The Babylonian Talmud and Late Antique Book Culture Monika Amsler, 2023-04-06 In this book Monika Amsler explores the historical contexts in which the Babylonian Talmud was formed in an effort to determine whether it was the result of oral transmission Scholars have posited that the rulings and stories we find in the Talmud were passed on from one generation to the next each generation adding their opinions and interpretations of a given subject Yet such an oral formation process is unheard of in late antiquity Moreover the model exoticizes the Talmud and disregards the intellectual world of Sassanid Persia Rather than taking the Talmud's discursive structure as a sign for orality Amsler interrogates the intellectual and material prerequisites of composers of such complex works and their education and methods of large scale data management She also traces and highlights the marks that their working methods inevitably left in the text Detailing how intellectual innovation was generated Amsler's book also sheds new light on the content of the Talmud This title is also available as Open Access on Cambridge Core
