Long Term Economic Development Andreas Pyka, Esben Sloth Andersen, 2013-06-22 The book gives an overview of important research topics recently addressed in evolutionary Neo Schumpeterian Economics The list of research questions and applications of Neo Schumpeterian reasoning impressively demonstrates the rich possibilities ranging from theoretical issues addressing human behaviour to applied areas like the emergence of biotechnology in developing countries the role of innovation on financial markets and the R D strategies of multinational enterprises The chapters in this book bring together a rich set of new analytical and empirical methodologies which allow for new relevant and rigorous insights in innovation processes which are responsible for economic development and structural change

An Economic Theory of Managerial Firms Luca Lambertini, 2017-04-21 The separation between ownership and control has become common practice over the last century in most medium and large firms across the world Throughout the twentieth century the theory of the firm and the theory of industrial organization developed parallel and complementary views on managerial firms This book offers a comprehensive exposition of this debate In its survey of strategic delegation in oligopoly games An Economic Theory of Managerial Firms is able to offer a reinterpretation of a range of standard results in the light of the fact that the control of firms is generally not in the hand of its owners The theoretical models are supported by a wealth of real world examples in order to provide a study of strategic delegation that is far more in depth than has previously been found in the literature on industrial organization In this volume analysis is extended in several directions to cover applications concerning the role of managerial firms in mixed market collusion and mergers divisionalization and vertical relations technical progress product differentiation international trade environmental issues and the intertemporal growth of firms This book is of great interest to those who study industrial economics organizational studies and industrial studies
