The Handbook of Economic Development and Institutions Jean-Marie Baland, François Bourguignon, Jean-Philippe Platteau, Thierry Verdier, 2020-01-21 The essential role institutions play in understanding economic development has long been recognised and has been closely studied across the social sciences but some of the most high profile work has been done by economists many of whom are included in this collection covering a wide range of topics including the relationship between institutions and growth educational systems the role of the media and the intersection between traditional systems of patronage and political institutions Each chapter covers the frontier research in its area and points to new areas of research and is the product of extensive workshopping and editing The editors have also written an excellent introduction which brings together the key themes of the handbook The list of contributors is stellar Steven Durlauf Thorsten Beck Bob Allen and includes a diverse mix of Western and non Western male and female scholars **Miseducation** A. J.

Angulo, 2016-04-01 A provocative collection that explores how intentional ignorance seeps into formal education Honorable Mention for the PROSE Education Theory Award of the Association of American Publishers Ignorance or the study of ignorance is having a moment Ignorance plays a powerful role in shaping public opinion channeling our politics and even directing scholarly research The first collection of essays to grapple with the historical interplay between education and ignorance Miseducation finds ignorance and its social production through na vet passivity and active agency at the center of many pivotal historical developments Ignorance allowed Americans to maintain the institution of slavery Nazis to promote ideas of race that fomented genocide in the 1930s and tobacco companies to downplay the dangers of cigarettes Today ignorance enables some to deny the fossil record and others to ignore climate science A J Angulo brings together seventeen experts from across the scholarly spectrum to explore how intentional ignorance seeps into formal education Each chapter identifies education as a critical site for advancing our still limited understanding of what exactly ignorance is where it comes from and how it is diffused maintained and regulated in society Miseducation also challenges the notion that schools are ideally unimpeachable sites of knowledge production access and equity By investigating how laws myths national aspirations and global relations have recast and at times distorted the key purposes of education this pathbreaking book sheds light on the role of ignorance in shaping ideas public opinion and policy **Creating Spaces of Engagement** Leah R.E.

Levac, Sarah Marie Wiebe, 2020-11-22 Policy justice requires engagement of diverse people knowledges and forms of evidence at all stages of the policy making process from problem definition through to dissemination Africa: Still Rising?

Giovanni Carbone,2015-10-30 After decades of unsatisfying performances economic growth took off in many sub Saharan states at the beginning of the 21st century More recently however the end of the commodity cycle particularly with the oil price drop and the rise of jihadist violence rocked the Emerging Africa boat Is this the beginning of the end for sustained growth in the region This Report investigates the economic impact of these new challenges upon Africa s frontier markets It shows that the positive economic trajectory of recent years is being negatively affected particularly for oil exporting countries However while more caution is needed Africa s growth prospects on the whole remain fairly good at least for now But there is an increasing need to understand the specific risks that individual countries face and the opportunities that they offer as well as to re assess the potential of each specific sector of economic activity The three largest economies in the region Nigeria South Africa and Angola are all under pressure Others including Ethiopia Mozambique and Kenya are still projected to achieve remarkable growth rates

Why the Right Went Wrong E.J.

Dionne,2016-01-19 Why the Right Went Wrong offers a historical view of the right since the 1960s Its core contention is that American conservatism and the Republican Party took a wrong turn when they adopted Barry Goldwater s worldview during and after the 1964 campaign The radicalism of today s conservatism is not the product of the Tea Party Washington Post columnist E J Dionne writes The Tea Partiers are the true heirs to Goldwater ideology The purity movement did more than drive moderates out of the Republican Party it beat back alternative definitions of conservatism Publisher information

Gooding Jr.,2025-04-21 Despite Hollywood s recent efforts to appeal to more racially diverse audiences mainstream movies routinely present a limited view of non Whites generally and Black women specifically in stark contrast to the broadly developed spectrum of White characters Black women characters are frequently rendered invisible and even in films featuring their image Black women characters too often fall prey to historically stereotypical patterns These consistently marginalized Black female images serve to reflect and reinforce messages of racial imbalance distributed worldwide In Double Crossed Black Female Intersectionality in Hollywood author Frederick W Gooding Jr chronicles the Black female experience through the lens of Hollywood Gooding begins by contextualizing the origins of early Black female imagery on screen largely restricted to the domestic mammy figure then traces how these images have shifted over time Through close readings of such films as Gone with the Wind Bringing Down the House The Princess and the Frog and The Help as well as case studies looking at Oprah Winfrey and Shonda Rhimes Gooding considers not only the image the Black woman creates but also the shadow she casts This volume demonstrates the historical economic and social consequences of Hollywood s distorted representation of Black women on screen and in real life

Against Inequality Tom Malleon,2023 In

an era of remarkable wealth idolatry Tom Malleson investigates the ethical justifications of wealth inequality taking the radical position that we should abolish the billionaires Stark inequality is a problem the world over but it has been worsening over the past thirty years particularly in rich economically developed countries To acquire the same amount of wealth as Elon Musk the average American worker would have to work for more than four and a half million years Is this inequality morally acceptable and is it feasible to actually reduce inequality in the real world In *Against Inequality* Tom Malleson makes the case for rejecting meritocracy presenting a strong defense against the claim that individuals deserve their wealth Malleson argues that people especially rich people do not morally deserve the bulk of their income because it does not by and large come from anything the specific individual does but is largely due to the vast understructure of other people's labor in addition to their lucky possession of bodily talents and efforts Furthermore the book brings to light extensive historical and comparative evidence to show that raising taxes on both income and wealth is practically feasible and that the costs of doing so are far outweighed by the truly enormous benefits that such taxes could bring in terms of environmental sustainability democratic equality equal opportunity and reduced racism and xenophobia Unlike previous books on inequality *Against Inequality* focuses on the superrich arguing that they have far too much a world with billionaires alongside severe deprivation is a world without justice Malleson's argument is not that billionaires are individually evil but that a society that allows the existence of the superrich is structurally immoral In an era of remarkable wealth idolatry *Against Inequality* takes the radical position that we should abolish the billionaires

QuantCrit Nichole M. Garcia, Nancy López, Verónica N. Vélez, 2023-05-29 Critical race theory CRT in education centers examines and seeks to transform the relationship that undergirds race racism and power CRT scholars have applied a critical race framework to advance research methodologies in the form of qualitative interventions Informed by this work this book reconsiders the possibilities of CRT applications to quantitative methodologies through QuantCrit This volume posits the question How can quantitative methods long critiqued for their inability to capture the nuance of everyday experience support and further a critical race agenda in educational research It provides a starting point for how QuantCrit principles are employed by interdisciplinary contributions in race and quantitative studies The contributors to the book examine the legacy and genealogy of QuantCrit traditions across disciplines to uncover a rich lineage of methodological possibilities for disrupting racism in research They argue that quantitative approaches cannot be adopted for racial justice aims without an ontological reckoning that considers historical social political and economic power relations Only then can quantitative approach be reimagined and rectified This book will be of interest to researchers and advanced students of Education Sociology Social Work Politics and Racial and Ethnic Studies It was originally published as a special issue of the journal *Race Ethnicity and Education*
