The New World Economy in 5 Trends Koen De Leus, Philippe Gijssels, 2024-02-28 The future is uncertain but for one thing the global economy is in disarray Investors companies and governments must rethink their approach in light of raging inflation the ongoing climate crisis and an ageing population In addition they have to deal with the highest mountain of debt ever accrued in peacetime disruptive innovations and the effects of multiglobalisation So much is happening simultaneously making it difficult to distinguish the big waves from the small hypes Which economic developments are here to stay and which are transient How will interest rates evolve Which emerging countries will become tomorrow s global powers Which sectors offer the most opportunities

Macroeconomist Koen De Leus and market strategist Philippe Gijssels take a deep dive into the inner workings of our economy. They identify the five major trends that will dominate our lives and our money over the next 30 years. With in-depth analyses and concrete advice, they offer guidance, reveal connections, and temper alarmism. *The New World Economy in 5 Trends* shows how you can surf global megatrends and successfully invest in our changing reality. The coming decades present challenges but also opportunities. This book helps you surf the waves or at least keeps you from being swallowed up by the tsunami.

Global Trends in Manufacturing Supply Chains Jing Wu, 2025-03-21. This book offers an in-depth and comprehensive analysis of global supply chains through the dual dimensions of time and region, which include their origins, current challenges, and future trajectories. It highlights the impact of natural disasters and geopolitical risks, illustrating how these factors underscore the vulnerabilities and dependencies within supply chain networks. The focus on China's role in global supply chains is particularly relevant given the country's significant impact on global trade, manufacturing, and economic health. Additionally, by offering concrete case studies and detailed discussions on the overseas expansion of Chinese companies, the book serves as a valuable resource for understanding their strategies, the challenges they face, and the impacts of their global activities on both their home economy and the global economic landscape. The book's unique approach combines rigorous analysis with practical advice, making it an indispensable resource for anyone looking to understand and respond to the evolving dynamics of global supply chains.

Current Trends in Global Education: Bridging K-12 and Higher Education for an Interconnected World MARINA FALASCA, KARINA J. BAUM, 2024-10-10. *Current Trends in Global Education: Bridging K-12 and Higher Education for an Interconnected World* explores the evolving landscape of global education through insights from esteemed educators and researchers. It defines global education and presents multiple rationales for developing global competence, along with a literature review of significant challenges over the past two decades. The anthology showcases innovative K-12 practices, emerging trends, and the transformative role of transnational telecollaboration and artificial intelligence (AI) in fostering global citizenship and cross-cultural communication. It also examines higher education, focusing on novel pedagogical tools, hybrid learning communities, and virtual exchange initiatives in ESP/EAP courses, as well as key factors affecting AI adoption in this context. Concluding with future directions, the collection emphasizes the need for collaboration across educational levels to prepare learners to thrive in a globally connected world, making it an essential resource for educators, policymakers, and scholars aiming to bridge K-12 and higher education while reimagining global education.
