Edward Hopper Edward Hopper,Carol Troyen,2007 This extensive new assessment of Edward Hopper which accompanies a major traveling exhibition examines the dynamics of the artist s creative process and discusses his work within the cultural currents of his day 200 full color plates *Edward Hopper* Gail Levin,2023-01-03 New York Times Notable Book Los Angeles Times Book Prize Finalist Wall Street Journal One of Five Best Artist Biographies Edward Hopper s canvasses are filled with stripped down spaces and unrelenting light evocative landscapes and the lonely aspects of men and women seemingly isolated in their surroundings What kind of man had this haunting vision and what kind of life engendered this art No one is better qualified to answer these questions than art historian Gail Levin author and curator of the major studies and exhibitions of Hopper s work In this intimate biography she reveals the true nature and personality of the man himself and of the woman who shared his life the artist Josephine Nivison Edward Hopper Gerry Souter,2015-09-15 In his works Hopper poetically expressed the solitude of man confronted to the American way of life as it developed in the 1920s Inspired by the movies and particularly by the various camera angles and attitudes of characters his paintings expose the alienation of mass culture Created using cold colours and inhabited by anonymous characters Hopper s paintings also symbolically reflect the Great Depression Through a series of different reproductions etchings watercolours and oil on canvas paintings as well as thematic and artistic analysis the author sheds new light on the enigmatic and tortured world of this outstanding figure *The Bookman* ,1899 *Grant Wood* Barbara Haskell,2018-01-01 The social and political climate in which Wood s art flourished bears certain striking similarities to America today as national identity and the tension between urban and rural areas reemerge as polarizing issues in a country facing the consequences of globalization and the technological revolution Wood portrayed the tension and alienation of contemporary experience By fusing meticulously observed reality with fables of childhood he crafted unsettling images of estrangement and apprehension that pictorially manifest the anxiety of modern life **Up from the Depths** Aaron Sachs,2022-06-07 A double portrait of two of America s most influential writers that reveals the surprising connections between them and their uncanny relevance to our age of crisis Up from the Depths tells the interconnected stories of two of the most important writers in American history the novelist and poet Herman Melville 1819 1891 and one of his earliest biographers the literary critic and historian Lewis Mumford 1895 1990 Deftly cutting back and forth between the writers Aaron Sachs reveals the surprising resonances between their lives work and troubled times and their uncanny relevance in our own age of crisis The author of *Moby Dick* was largely forgotten for several decades after his death but Mumford helped spearhead Melville s revival in the aftermath of World War I and the 1918 1919 flu pandemic when American culture needed a forebear with a suitably dark vision As Mumford s career took off and he wrote books responding to the machine age urban decay world war and environmental

degradation it was looking back to Melville's confrontation with crises such as industrialization slavery and the Civil War that helped Mumford to see his own era clearly Mumford remained obsessed with Melville ultimately helping to canonize him as America's greatest tragedian But largely forgotten today is one of Mumford's key insights that Melville's darkness was balanced by an inspiring determination to endure Amid today's foreboding over global warming racism technology pandemics and other crises Melville and Mumford remind us that we've been in this struggle for a long time To rediscover these writers today is to rediscover how history can offer hope in dark times **Poets on Paintings** Robert D.

Denham,2010-03-10 Ekphrasis the description of pictorial art in words is the subject of this bibliography More specifically some 2500 poems on paintings are catalogued by type of publication in which they appear and by poet Also included are 2000 entries on the secondary literature of ekphrasis including works on sculpture music photography film and mixed media
