Cursed Masks Gabriel Barnes,AI,2025-02-27 *Cursed Masks* explores the captivating intersection of history and spirituality through the lens of masks believed to harbor spiritual forces or bring misfortune Diving into cultural beliefs and folklore the book reveals how masks beyond their physical form have been perceived as conduits for the occult and concealed identity From ancient rituals to modern interpretations masks reflect humanity s enduring fascination with hidden realms and the darker aspects of the human psyche The book deconstructs the idea of inherent power in masks arguing that their perceived potency stems from deeply ingrained cultural beliefs and psychological projections It progresses systematically beginning with foundational concepts of mask symbolism across cultures then moves into case studies of masks associated with malevolent forces Finally it culminates in an analysis of the psychological underpinnings of these beliefs revealing how masks tap into primal fears and desires

Ebony Mask / Ebony Gold Wallace B. Collins,2003-03-22 Years ago I met a friend in London I had not seen in many years He posed a very interesting question to me He wanted me to give him a statement on Jomo Kenyatta who was then incarcerated as the leader of the Mau Mau uprising in Kenya Though I did not have an answer for my friend I kept his question in my mind Then years later my wife and I decided to visit Kenya on Safari with friends which I recount here vividly in this book They were like two birds set free hoop the coop flew away from their prison abode caged for decades until February 1990 on that sunny day in Capetown when I saw Nelson Mandela live on CNN Television with his wife Winnie Mandela They strolled through the gates of pollsmore Prison away from 37 years of incarceration by the Apartheid Regime That experience intrigued me enough that my wife and I decided with a group of friends to visit South Africa and see what would happen to us as a group of African Americans it was while there that I touched yellow Ebony Gold as detailed in my book

Ritual Mask Making Theresa Walton,AI,2025-03-29 *Ritual Mask Making* explores the captivating world of indigenous masks revealing them not merely as artifacts but as vital components of spiritual rituals cultural preservation and governance These masks passed down through

The Death of Authentic Primitive Art Shelly Errington,2023-09-01 In this lucid witty and forceful book Shelly Errington argues that Primitive Art was invented as a new type of art object at the beginning of the twentieth century but that now at the century s end it has died a double but contradictory death Authenticity and primitivism both attacked by cultural critics have died as concepts At the same time the penetration of nation states the tourist industry and transnational corporations into regions that formerly produced these

artifacts has severely reduced supplies of primitive art bringing about a second death Errington argues that the construction of the primitive in the nineteenth and twentieth centuries and the kinds of objects chosen to exemplify it must be understood as a product of discourses of progress from the nineteenth century European narrative of technological progress to the twentieth century narrative of modernism to the late twentieth century narrative of the triumph of the free market In Part One she charts a provocative argument ranging through the worlds of museums art theorists mail order catalogs boutiques tourism and world events tracing a loosely historical account of the transformations of meanings of primitive art in this century In Part Two she explores an eclectic collection of public sites in Mexico and Indonesia a national museum of anthropology a cultural theme park an airport and a ninth century Buddhist monument newly refurbished to show how the idea of the primitive can be used in the interests of promoting nationalism and economic development Errington's dissection of discourses about progress and primitivism in the contemporary world is both a lively introduction to anthropological studies of art institutions and a dramatic new contribution to the growing field of cultural studies
