walk into your next audition and totally nail it Including a foreword by Broadway casting director Rachel Hoffman and an afterword by Broadway and West End star Caissie Levy Your Rep Book takes its readers step by step through the strangely mysterious process of building your audition repertoire portfolio or rep book in industry jargon Leaving no stone or showtune unturned it helps you identify what songs you need in which categories and explains where to find them how to source and cut the sheet music and even how to communicate effectively with the accompanist and act your song Whether you re a high school student auditioning for college MT programs or the ink is still wet on your recent BFA or even if you re a seasoned pro dusting off those old charts Your Rep Book is here to help

Applied Music Fundamentals Jena Root,2013 This text introduces fundamentals of music theory not as a series of rules but as a process of sonic discovery Each chapter builds a musical concept around a simple familiar song so that students begin with the sound in mind associate the concept or label to that sound and finally apply that concept to new situations through listening analysis and composition

Global Meets Digital Vinod Jain,2023-06-02 The world today is at the intersection of two megatrends Globalization and Digitalization a business revolution unfolding in real time Global Meets Digital captures the many nuances of this revolution succinctly including its impact on our lives and business An immediate implication of this revolution is that the economic principles that underpinned business and strategy for hundreds of years such as diminishing returns to scale and resource scarcity are no longer valid for a large and growing number of products and services The book will challenge you to think differently not just about digital products but also about physical products In the global digital world products are of three kinds physical digital and smart machines products that are both physical and digital and connected to the internet a distinction missed by most books on strategy and global business The economics of each kind of products is distinct from that of the others which has strategic implications for all kinds of businesses implications such as how to compete and how to create and capture value With several mini case studies and over 100 company examples the book covers themes and cutting edge issues like the paradox of globalization digital disruption disruptive business models exponential technologies Internet of Things competition in digital markets winner take all market dynamics Industry 4 0 how to innovate strategizing for the New Normal and value creation and value capture in both B2C and B2B contexts The book derives its underpinnings from the practice of global and digital business while theory remains in the background Intended specifically for an executive professional audience Global Meets Digital should also be of value to business students and professors learning to dip their toes into a digital world Vinod Jain is an expert in global and digital strategy award winning professor Fulbright Scholar and author of an MBA textbook Global Strategy He taught at the Rutgers Business School Newark and New Brunswick and the Robert H Smith School of Business University of Maryland College Park At Maryland he was also the Founding Director of the federally funded Center for International Business Education and Research and Academic Director of Smith School s Executive MBA program in China Since leaving Maryland he has taught in China Denmark Finland Poland and India as a visiting or term

professor His opinion pieces have appeared in The Washington Post The Baltimore Sun Mensa Bulletin and Economic Times and Mint India s 1 and 2 business dailies among other media In the past he worked as a middle and senior level executive with American and British multinationals Vinod has a PhD in Strategy and International Business from the University of Maryland College Park MS in Management from UCLA and MS and BS Hons in Statistics from the Indian Statistical Institute Calcutta

You Shook Me All Campaign Long Eric T. Kasper, Benjamin S. Schoening, 2018-11-15 Music has long played a role in American presidential campaigns as a mode of both expressing candidates messages and criticizing the opposition The relevance of music in the 2016 campaign for the White House took various forms in a range of American media a significant amount of popular music was used by campaigns many artist endorsements were sought by candidates ever changing songs were employed at rallies instances of musicians threatening legal action against candidates burgeoned and artists and others increasingly used music as a form of political protest before and after Election Day The 2016 campaign was a game changer similar to the development of music in the 1840 campaign when Tippecanoe and Tyler Too helped sing William Harrison into the White House The ten chapters in this collection place music use in 2016 in historical perspective before examining musical messaging strategy and parody The

book ultimately explores causality how do music and musicians affect presidential elections and how do politicians and campaigns affect music and musicians The authors explain this interaction from various perspectives with methodological approaches from several fields including political science legal studies musicology cultural studies rhetorical studies and communications and journalism These chapters will help the reader understand music in the 2016 election to realize how music will be relevant in 2020 and beyond

The Bloomsbury Handbook of Radio Kathryn McDonald, Hugh Chignell, 2023-01-26 The Bloomsbury Handbook of Radio presents exciting new research on radio and audio including broadcasting and podcasting Since the birth of radio studies as a distinct subject in the 1990s it has matured into a second wave of inquiry and scholarship As broadcast radio has partly given way to podcasting and as community initiatives have pioneered more diverse and innovative approaches so scholars have embarked on new areas of inquiry Divided into seven sections the Handbook covers Communities Entertainment Democracy Emotions Listening Studying Radio Futures The Bloomsbury Handbook of Radio is designed to offer academics researchers and practitioners an international comprehensive collection of original essays written by a combination of well established experts new scholars and industry practitioners Each section begins with an introduction by Hugh Chignell and Kathryn McDonald putting into context each contribution mapping the discipline and capturing new directions of radio research while providing an invaluable resource for radio studies
