Climate Change for Football Fans James Atkins, 2010-10-30 Climate policy hits Turf Moor race through an unconventional take on climate policy while following Burnley's adventure in Europe and their roller coaster struggle for survival in the Premier League. An amusing and enlightening look at climate change and football. This book consists of a series of conversations between Joe, a Burnley lad who is football mad, and Professor Igor, who is obsessed with climate change. Joe thinks that worrying about climate change is a waste of time. Igor can't understand why 22 grown men would put on shorts and run around after a ball. Igor agrees to spend a season with Joe, going to every Burnley game, and in return, Joe and his family listen to the Professor rattle on about climate policy. Written in earthy and irreverent language, *Climate Change for Football Fans* examines why preventing climate change is so difficult and explains why it is more a social and political problem than a technological one and how the need to change our lifestyle makes finding a solution so difficult.
