Roots Quest Jackie Hogan, 2019-01-15 America is in the midst of a genealogy boom In the last thirty years the number of Americans who said they were very interested in family history jumped from 29% to 87% Online genealogy sites like Ancestry com went from being a small genealogical research website into a NASDAQ listed corporation with more than two million subscribers In *Roots Quest* sociologist Jackie Hogan digs into this genealogy boom to ask why we are so interested in our family history She goes beyond simple demographics retiring baby boomers with more time on their hands to show that the surging popularity of genealogy is in part a response to some of the large scale social
