Scott C. Dulebohn

American Anthem Sol Fas:

Sidelined Simon Henderson, 2013-03-28 In 1968 noted sociologist Harry Edwards established the Olympic Project for Human Rights calling for a boycott of that year's games in Mexico City as a demonstration against racial discrimination in the United States and around the world Though the boycott never materialized Edwards's ideas struck a chord with athletes and incited African American Olympians Tommie Smith and John Carlos to protest by raising their black gloved fists on the podium after receiving their medals *Sidelined* draws upon a wide range of historical materials and more than forty oral histories with athletes and administrators to explore how the black athletic revolt used professional and college sports to promote the struggle for civil rights in the late 1960s Author Simon Henderson argues that contrary to popular perception sports reinforced the status quo since they relegated black citizens to stereotypical roles in society By examining activists successes and failures in promoting racial equality on one of the most public stages in the world Henderson sheds new light on an often overlooked subject and gives voice to those who fought for civil rights both on the field and off [Tales of Berlin in American Literature up to the 21st Century](#) Joshua Parker, 2016-03-17 Of all European cities Americans today are perhaps most curious about Berlin whose position in the American imagination is an essential component of nineteenth century postwar and contemporary transatlantic imagology Over various periods Berlin has been a tenuous space for American claims to cultural heritage and to real geographic space in Europe symbolizing the ultimate evil and the power of redemption This volume offers a comprehensive examination of the city's image in American literature from 1840 to the present Tracing both a history of Berlin and of American culture through the ways the city has been narrated across three centuries by some 100 authors through 145 novels short stories plays and poems *Tales of Berlin* presents a composite landscape not only of the German capital but of shifting subtexts in American society which have contextualized its meaning for Americans in the past and continue to do so today **Gotham at War** Mike Wallace, 2025-08-27 The culminating volume in the acclaimed *Gotham* series *Gotham at War* delivers an unforgettable portrait of America's greatest city during history's most catastrophic conflict *Gotham at War* unveils the history of New York and the Second World War from isolationism and factionalism to crucible of the American effort and the Allied Cause in a total and global war Kaleidoscopic and immersive *Gotham at War* captures the full spectrum of New York and the war from every possible aspect social political economic and military Even before the war had started street battles between New York's homegrown fascists and the workers movement allied with immigrants from all over the world and their children in the barrios of Gotham played prelude Set in the generation after race scientists based in the elite warrens of the Upper East Side championed and then imposed national immigration restriction *Gotham at War* sees New Yorkers struggle to shake off the city's eugenic past Between 1933 and 1945 the city wrestled with itself starting from the rise of Hitler through isolationism and growing interventionism through Pearl Harbor and a full throated war effort when millions of American soldiers and sailors and billions of tons of materiel passed through New York's waterfronts to the

warfronts Along the way Mike Wallace s saga traces the transformation of New York embracing garment workers and skyscrapers the subway and Wall Street gangsters and idealists pols and reformers nightclubs and boardrooms Nazi infiltrators and FBI gumshoes magazines and movies shuls and cathedrals every neighborhood every industry and all the peoples of the city swept up in a world that had caught fire Here is a portrait of a city and a war like no other Gotham at War traces the transformation of New York from Depression wracked mother of exiles to a front in the Second World War and ultimately to the seat of the United Nations and a very contested capital of the world **The Curious Humanist** Johannes von Moltke,2016-06-21 Introduction Siegfried Kracauer and the politics of film theory Metropolitan contact zones Kracauer in New York Totalitarian propaganda Nazi cinema Freedom from fear From Hitler to Caligari spaces of Weimar cinema Authoritarian totalitarian Reframing Caligari the politics of cinema Theory of film and the subject of experience The curious humanist History and humanist subjectivity Epilogue Siegfried Kracauer and the emergence of film studies **Russian Life** ,1998 The Youth's Companion Combined with American Boy ,1936 **The Saturday Evening Post** ,1943 The Ladies' Home Journal ,1893 **Atkinson's Evening Post and Philadelphia Saturday News** ,1943-09 *The Court Journal* ,1854
