The Cost of Free Shipping Jake Alimahomed-Wilson, Ellen Reese, 2020-09-20 Winner of the UALE Book Award 2021 Amazon is the most powerful corporation on the planet and its CEO Jeff Bezos has become the richest person in history and one of the few people to profit from a global pandemic Its dominance has reshaped the global economy itself we live in the age of Amazon Capitalism One click instant consumerism and its immense variety of products has made Amazon a worldwide household name with over 60% of US households subscribing to Amazon Prime In turn these subscribers are surveilled by the corporation Amazon is also one of the world s largest logistics companies resulting in weakened unions and lowered labor standards The company has also become the largest provider of cloud computing services and home surveillance systems not to mention the ubiquitous Alexa With cutting edge analyses this book looks at the many dark facets of the corporation including automation surveillance tech work workers struggles algorithmic challenges the disruption of local democracy and much more The Cost of Free Shipping

shows how Amazon represents a fundamental shift in global capitalism that we should name, interrogate and be primed to resist. *Amazon FBA & Dropshipping* Shopify 2021 Robert D Michaels, 2021-08-07 Amazon FBA 2021 Amazon FBA or fulfillment by Amazon is a business opportunity that offers people the opportunity to operate their own e-commerce store without having to deal with all of the technical bells and whistles that can make traditional e-commerce seem daunting. If you desire to run your own e-commerce store, Amazon FBA is a wonderful way for you to get started. This unique business opportunity presents you with so many benefits that you simply will not gain elsewhere, making e-commerce easier to get into than ever before. The abundance of benefits that you gain with this opportunity means that you can run your Amazon FBA store as a full-time gig without having to put in full-time hours. Countless people have been able to make 10,000 per month using this platform, all the while being able to enjoy their lives and time freedom due to the hands-off structure of this business. That's right. Because of how Amazon FBA works, you actually do not have to invest that much time into your business to start and maintain it. While it will take some practice and effort early on to get started and get your business going, maintaining and even scaling your business with Amazon FBA takes significantly less time than it would with nearly any other business model. This means that not only are you going to be able to turn a great profit, but you are also going to be able to actually have time to enjoy that profit; you are turning so that you can really live your best life. In this book, I want to support you with discovering all of the ins and outs of Amazon FBA. I am going to help you discover exactly what this business model is, how it works, and what you need to do in order to leverage it. I am also going to help you identify how you can set yourself apart from the others who are using Amazon FBA by supporting you with discovering the right products to sell, as well as the right brand to use to actually sell those products. By blending together all of the tips and techniques I give you in this very book, you are going to have all of the knowledge that you need to make your business work. Dropshipping Shopify 2021. Imagine a business where you could sell whatever you wanted without having to handle the product physically and being able to charge whatever price you wanted to charge on it. This is essentially what dropshipping amounts to. It is a wonderful business model you're going to learn all about it, inside and out, in this chapter. There are some disadvantages as well, that would be remiss of me not to remind you of. I'll cover those as well, since it is unrealistic for you to assume that everything will always be hunky-dory. Either way, let's jump in and look at what dropshipping is. Dropshipping is the process where a middleman retails a manufacturer's or wholesaler's product. The middleman in this case is you, the store owner. The store owner takes care of all of the marketing aspects and drives traffic to the order pages, and the wholesaler takes care of product fulfillment, such as delivery and packaging. In some cases, you can even have the manufacturer brand the product with your own name and have them ship it to your customers. This business model is of immense help to the manufacturer and wholesaler, since they get to focus on investing in what they know best, which is manufacturing the product. You get to focus on what you know best, which is to drive traffic and bring in sales. In effect, you're a one-person marketing team for the

wholesaler's products What's not to like The customer will order the product via your website or sales channel and will pay you money In turn you pay the wholesaler at their quoted price and you pocket the profits
