Books ,1963 **Contact Quarterly** ,1980 A vehicle for moving ideas **New York Herald Tribune Book Review** ,1961 Access ,1994 **Video-visions** Jonathan Price,1977 *Positive Aikido* Dave Rogers, Henry Ellis, 2004

Positive Aikido is available on bookshelves around the globe This book an in depth look at our school s special brand of technique strategy philosophy as well as unique history took about 15 years to compile but will soon be offered in print by the world s leading on demand publisher Trafford Holdings Ltd is privately held corporation registered in British Columbia Canada There are over 120 shareholders including many authors and all the permanent employees It was incorporated in 1991 In late 1995 Trafford opened its doors and website They are the first company in the world to offer an on demand publishing service and they are the best The production of Positive Aikido has gone through numerous stages The hand drawings describing each of the positive techniques in traditional Aikido were begun in 1987 with the intention of providing new students with a reference guide at the time to be photocopied for students in the U S and later possibly for the U K students as well That plan however never took hold as more and more drawings were produced The drawings of the first four groupings were finished in 1991 and in 1993 the second four groupings were added along with some transcripts from a recorded conversation between Sensei Ellis and Rogers on a long roadtrip between Dallas Texas and Alamogordo New Mexico Rogers made his 1st Dan during that trip and Positive Aikido picked up a lot of its histories and background information Still it was no more than a shep of papers cobbled together from various sources In 1999 however with the advent of digital photography Rogers decided to augment the drawings with some digital photos and possibly put together a proper booklet for students in all the Ellis Schools The photos however required some supporting text and there was a lot of other material which needed to be conveyed as well The transcripts were rewritten and cleaned up a bit and the photos were digitally processed for the first four forms During another visit to New Mexico Sensei and his assistant Anita Wilson along with Sensei s son did the demonstrations needed for the last four forms Later the first four forms were re shot with Sensei Rogers and one of his first U S students Jeff Glaze of New Mexico By this time Positive Aikido was being developed as a book The agent and publishers we first contacted agreed but the material was still fairly rough More photos were shot and extensive digital work was done on them to clarify technique Additional sections were added to describe combat strategy and the philosophy behind Positive Aikido Sections on ethics and morals within the arts were developed along with material dealing with the selection of a martial art for beginners And of course the history section was strengthened and sharpened Lastly a complete reorganization of the material was accomplished with an addition of a section on pins and control and weapons jo and sword The finished work is comprised of more than 1000 photos 600 hand drawings and complex explanations and tips to make the techniques of Aikido work properly It includes detailed writing on the Positive mindset as well as complete sections geared to beginners intermediate students and advanced practitioners Although several traditional publishers expressed interest in printing the

book and initial negotiations were entered into with one California based company the advent of print on demand technology and the resulting new publishing market made for a better alternative Of this book as it stands now the authors say this There are a lot of books on Martial Arts out there and this one fits in the crowd well but it also stands alone in the sheer comprehensiveness of the work It is a nearly complete representation of a single school s technique it is a historical marker a book of strategy an ethical guide a technical manual and it is a chart graph and manifest of all the things which make martial artisits as a whole stand together as sisters and brothers with the same warrior spirit [http www ellisaikido ntlworld com](http://www.ellisaikido.ntlworld.com)

Reviews Many publications on the subject of Aikido come and go A majority all revolve around the same format or topics It is unusual for a no holds book to be released To have a warning printed on the first page invites you in to read more This book cannot be classed as a technical although a whole chapter is dedicated to techniques The main proportion of the book deals with personal interpretation of what Aikido means to the authors It draws comparison with modern day Aikido and the Aikido from the past all it s good and bad points There is also a strong emphasis on personal history In so many ways it breaks the boundaries of what a traditional Aikido book is suppose to show and say The authors are to be congratulated for a no nonsense approach and breaching the normal concept of what is expected from a book in this category I m sure it will cause a great debate among different groups which should be encouraged Finally if the dialogue causes the reader to cough splutter or even split blood at least the cover can be easily wiped Mr Nigel Jones Principal instructor for Abertillery Aikido Club under the Amateur Martial Association Trained under Sensei Haydn Foster Sensei Ron Russell at the Hut Dojo I just received my copies of Positive Aikido from Trafford Publishing The cover is excellent I have only skimmed though it briefly I like the way it is laid out I am enjoying the stories and History so far The rest of this week I will go through the whole book and then write a review and place it on my website to let others outside of the Aikido world know where to purchase it Thank you for being a friend and sharing your martial spirit it is very refreshing to know a true warrior of the martial art and one who still practice and teach the old way while embracing the modern Continued success and here s hope that all your First Run books be sold completely out smile Most Honorable regards Jimm McMurray House of Discipline Martial Arts Moo Hap Sool Hapkido World Kido federation

Small Press Record of Books in Print Len Fulton,1991 **Braby's Cape Province Directory** ,1979 **On Cassette** ,1989 *Aikido* David Klimchuk,2019-12-15 Aikido is a Japanese art of self defense Practitioners use locks holds and the principle of nonresistance to turn an opponent s own momentum against them Created by Morihei Ueshiba in the 1920s aikido focuses less on perfecting steps and skills and more on improving character according to the rules of nature With this book readers will learn about the history and progression of aikido its basic moves and how it can help people of all ages and backgrounds train their mind and body
