Aïssawa Soufisme Musique Et Rituels De Transe Au Maroc:

Les Aïssawa Mehdi Nabti, 2011-01-01 La confrérie des Aïssawa est un ordre mystico religieux fondé à Meknès au Maroc par Muhammad ben Aïss 1465-1526 En s'immergeant comme musicien rituel au sein des orchestres Aïssawa Mehdi Nabti renouvelle l'approche des confréries de tradition soufie et apporte des données précieuses sur la structure de la confrérie le dispositif rituel et les logiques d'affiliation une organisation religieuse de type traditionnel dans une société musulmane moderne Health and Ritual in Morocco Josep Lluís Mateo Dieste, 2012-10-12 In *Health and Ritual in Morocco* Josep Lluís Mateo Dieste analyzes the many notions of the body that appear in various Moroccan medical and religious systems Viewing these issues from anthropological and historical perspectives to the development of Islamic medicine in Morocco this study highlights the elements of power that define these representations and practices Mateo Dieste shows that most of the healing rituals challenge the strict division between physical and mental afflictions *Health and Ritual in Morocco* provides a valuable structure for understanding Moroccan conceptions of the person rites of passage gender differences and reproductive practices It offers insights into the weight of the notions of impurity and purification of the body in the daily life of the contemporary Moroccan population *Delacroix's Moroccans* Jennifer Olmsted, 2024-12-24 *The Women of Algiers in Their Apartment* is arguably Eugène Delacroix's best known work from his trip to Morocco in 1832 and the attention scholars have paid to it has obscured a crucial fact about Delacroix's Moroccan subjects most of his paintings of North Africa depict men rather than women After serving as a diplomat's companion on a mission to Morocco Delacroix went on to devote over three quarters of his massive North African oeuvre to the military prowess effective leadership equestrian virtuosity and elegant dress of Moroccan men Using the evidence of his writings sketches and paintings Olmsted argues that rather than embodying a typical colonialist fantasy Delacroix's paintings of Moroccan men instead show his subjects as models of heroic masculinity and political sovereignty a position that ran counter to prevailing French attitudes toward North Africans In this way Delacroix's *Moroccans* intervenes in the discourse of imperialism to examine the multiple heterogeneous features of cultural response and provides nuanced readings of the artist's work that support the idea that European constructions of non-European cultures were not monolithic Olmsted's multifaceted analysis creates a powerful and original understanding of Delacroix's Moroccan oeuvre and a counternarrative to the colonialist imagery of his era Through close attention to Delacroix's paintings drawings and writings as well as their historical and political contexts this book illuminates the artist's practice and offers a fresh avenue for assessing colonialism and art produced within colonial contexts **The Voice of the Rural** Alessandra Ciucci, 2022-06-01 A moving portrait of the contemporary experiences of migrant Moroccan men Umbria is known to most Americans for its picturesque rolling hills and medieval villages but to the many migrant Moroccan men who travel there Umbria is better known for the tobacco fields construction sites small industries and the outdoor weekly markets where they work Marginalized and far from their homes these men turn to Moroccan traditions of music and poetry that evoke the

countryside they have left l arubiya or the rural In this book Alessandra Ciucci takes us inside the lives of Moroccan workers unpacking the way they share a particular musical style of the rural to create a sense of home and belonging in a foreign and inhospitable nation Along the way she uncovers how this culture of belonging is not just the product of the struggles of migration but also tied to the reclamation of a noble and virtuous masculine identity that is inaccessible to Moroccan migrants in Italy The Voice of the Rural allows us to understand the contemporary experiences of migrant Moroccan men by examining their imagined relationship to the rural through sound shedding new light on the urgent issues of migration and belonging
