We Are Music: An Existential Journey Toward Infinity John Stephen Sharpley, 2024-02-15

What is music? Modern society has come to view music largely as entertainment and commodity. In response, *We Are Music: An Existential Journey Toward Infinity* provides the reader with a holistic starting point. Music has unlimited potential to transform and enlighten and is only impeded when bound by materialism, physicalism, and reductionism. *We Are Music* is an attempt to bring music back to the core of humanity as an agent of positive empowerment, self-actualization, and beyond. Embracing interconnectivity, music is more deeply experienced alongside the arts, science, social sciences, math, philosophy, history, and above all, spirituality. An endless spiral, self-perception and identity can be vastly expanded if not questioned and transcended. Music is an infinite field, and any attempt to define and describe it is problematically finite and consequently limited. Herein lies the impossibility of the book, which both excites and disturbs the paradox of being and not being. A roadmap for music lovers toward self-realization, *We Are Music* is for those who desire to delve deeper into the power and illusion of self through music.
