

History Essay Example on Alexander the Great Essay

Background of Alexander the Great

Alexander was born in 356 BC to King Philip II and Queen Olympias in Pella, Macedonia. However, other legends hold that his father was Zeus, the ruler of the Greek gods. At the age of 12, he tamed Bucephalus, a huge stallion known for its furious demeanor. At 13 Phillip decide to put Alexander under the guidance of Aristotle who sparked his interest in literature science and medicine. At the age of 16, he saw an opportunity to prove his ability to be a successful leader when left to care for Macedonia when his father had gone to battle the Byzantium. He took over the Band of Thebes and won the tough battle. Alexander became the king of Macedonia at the age of 20 after his father was assassinated. While ruling the states of Macedonia he achieved various goals and builds an empire that lasted long after his death.

The Conquest of Alexander the Great

After assuming power, Alexander decided to continue I his father footsteps. His thirst for power was so vast that his first conquest was taking over Greece. He gathered his troops and headed with them to Greece with the aim of taking over the Greek empire and making one of his own secondly. after conquering different cities in Greece, Alexander then decides to take over Persia and make it another place of his leadership. In all this, he had to encounter and face a fierce battle in occasions when his troops were outnumbered. However, since he was a smart, strong and unrelenting king, Alexander and his army fought hard to gain power over these two regions.

After taking over Halicarnassus in Persia, Alexander then headed to the Gordan knot, which was believed to grant conquest over Asia should a person untie it (Mark, 2013). Alexander tried untying the known with his hand but did not make it on time, he then cut it with his sword and this granted him victory over Asia. From Asia, he went east to India where he also conquered the nation of India and added it to his empire. Alexander is believed to have fought hard to resist the army in India and after ling battle gained conquest over the nation. From there he went to Egypt where he was also met with a lot of pressure and rebellion. While there, he used various tactics, a large army, and cavalry to defeat the Egyptian army and added Egypt to his conquest. Alexander is known to have conquered many cities in Persia, Asia, and Egypt thus making them one of the cities in the Greek empire. His empire is believed to have been the greatest and strongest empire during the ancient era.

The Legacy of His Empire

Alexander took over Greece, Asia, Persia, India, and Egypt and made this his lasting dynasty some of the legacies of his empire is that he brought most of the Greek cultures and way of life into every area he conquered. For example, he is known to have established the Mycenaeen which was known as a center of trade in the Greek empire. Thus, Alexander developed various aspects of trade that improved the economy of his empire as well as the economies of the surrounding nations. He also builds a monarchy in Mycenaeen which led to the development of cities in the empire (History.com,

Alexander The Great Essay Paper:

Collected Papers on Alexander the Great Ernst Badian, 2012-03-12 Professor Ernst Badian 1925 2011 was one of the most influential Alexander historians of the twentieth century His first articles on the subject appeared in 1958 and he continued for a full fifty years to reshape scholarly perception of the reign of Alexander the Great A steady output of articles was reinforced by lectures and reviews in his own formidable style Badian s earliest work transformed understanding of aspects of the Roman Republic and he continued to work on that area throughout his career but his series of studies of Alexander the Great which he deliberately never summed up in a synoptic work demolished the hero of his predecessors such as Droysen and Tarn whom he regarded as starry eyed hero worshippers and created an Alexander on the model of a twentieth century tyrant The Alexander who was a ruthless killer of his rivals and those who disagreed with him a mass murderer in his conquests and perhaps even an incompetent imperialist has superseded the Alexander whose mission it was to bring Greek civilization to the ends of the earth These essays and articles provide a new layer in the interpretation of a figure who has not ceased to fascinate since his death in 323 BC Many of these articles were published in out of the way journals and conference volumes and are brought together here for the first time in a collection which will provide student and scholar with a view of the full range of Badian s work on Alexander Certain ephemeral pieces and all reviews except one have been excluded by the wish of the author The twenty seven articles included were all revised by the author before his death but there has been no other editorial intervention The volume also includes a portrait and an introduction by Eugene Borza surveying Badian s career and contribution No one who works on Alexander the Great can afford to be without this book

Papers Read at the Royal Institute of British Architects ,1861

Ancient Historiography on War and Empire Timothy Howe, Sabine Müller, Richard Stoneman, 2016-11-30 In the ancient Greek speaking world writing about the past meant balancing the reporting of facts with shaping and guiding the political interests and behaviours of the present Ancient Historiography on War and Empire shows the ways in which the literary genre of writing history developed to guide empires through their wars Taking key events from the Achaemenid Persian Athenian Macedonian and Roman empires the 17 essays collected here analyse the way events and the accounts of those events interact Subjects include how Greek historians assign nearly divine honours to the Persian King the role of the tomb cult of Cyrus the Founder in historical narratives of conquest and empire from Herodotus to the Alexander historians warfare and financial innovation in the age of Philip II and his son Alexander the Great the murders of Philip II his last and seventh wife Kleopatra and her guardian Attalos Alexander the Great s combat use of eagle symbolism and divination Plutarch s juxtaposition of character in the Alexander Caesar pairing as a commentary on political legitimacy and military prowess and Roman Imperial historians using historical examples of good and bad rule to make meaningful challenges to current Roman authority In some cases the balance shifts more towards the literary and in others more towards the historical but what all of the essays have in common is both a
