

Alexander Campbell: A Collection (Volume 2)

Edited by Bradley S. Cobb

Alexander Campbell A Collection Volume 2 Restoration Movement

D. Duane Cummins

Alexander Campbell A Collection Volume 2 Restoration Movement:

The Stone-Campbell Movement Leroy Garrett, 2002 **Alexander Campbell: a Collection** Alexander Campbell, Bradley Cobb, 2014-11-03 This brand new collection opens with a brief biography about Campbell and from there on out it's all him. We have chosen some of his most influential writings here including his best known sermon dealing with the Law of Moses his brilliant destruction of the annihilation doctrine his taking the government to task over capital punishment and his own translation of the book of Acts. Alexander Campbell did not start the church. He did not start any church. His entire life was dedicated to simply serving Christ in Jesus' church and helping that church to come back to the biblical standard. It would be wonderful if we had more men like him in the church today. Extra care had been given in correcting any typographical errors as well as adding footnotes to explain any unfamiliar words and phrases. In all, well over a hundred hours of work has gone into the production of this collection with the goal of making it as reader friendly as possible. Contents include: Alexander Campbell Matchless Defender of the Protestant Faith, Sermon on the Law, Life and Death, Instrumental Music in Worship, Is Capital Punishment Sanctioned by Divine Authority, Confession Unto Salvation, The Bible God has Spoken to Man in the Bible, Principles of Interpretation, Musings on a Christmas Morning, Acts of the Apostles translation. **Restoration and Philosophy** J. Caleb Clanton, 2024-01-12 A product of the Second Great Awakening of the nineteenth century, the Stone-Campbell Restoration Movement gave rise to such denominations as the Church of Christ a cappella, the Christian Church, Disciples of Christ, and the independent Christian Churches. While scholars have examined many of the historical, ecclesial, socio-cultural, and biographical dimensions of this indigenously American religious tradition, few have singled it out for philosophical exploration and critique. In *Restoration and Philosophy*, editor J. Caleb Clanton and a team of philosophers engage with the Stone-Campbell Restoration tradition to address issues related to epistemology, philosophy of science, philosophy of religion, moral philosophy, aesthetics, environmentalism, and race. Along the way, the authors help to contextualize the Stone-Campbell Restoration tradition within American religious history and within Christian philosophy more generally, and they show its continuing relevance today. Scholars and students of philosophy and religious studies, as well as ministers and those interested in this uniquely American Christian tradition, will benefit from this carefully edited, thoroughly researched, and highly readable collection of essays by eminent philosophers and religious scholars. *The Disciples—Second Edition* D. Duane Cummins, 2023-07-14 This new second edition, refined, updated, and revised, contains the story of those 15 years along with revisions in how a humble gathering evolved over two centuries into the Christian Church Disciples of Christ, a modern denomination of international stature. *The Disciples: A Struggle for Reformation*, Revised Edition, discusses how Disciples progressed from congregationalism to Covenant, how they survived the tumult of Civil War, how they developed a ministry of missions on a global scale, and how they met the brutal challenge of 21st-century COVID. *The Encyclopedia of the Stone-Campbell Movement* Douglas A. Foster, 2004 Over ten years in the making, *The Encyclopedia of the*

Stone Campbell Movement offers for the first time a sweeping historical and theological treatment of this complex vibrant global communion. Written by more than 300 contributors, this major reference work contains over 700 original articles covering all of the significant individuals, events, places, and theological tenets that have shaped the Movement. Much more than simply a historical dictionary, this volume also constitutes an interpretive work reflecting historical consensus among Stone Campbell scholars, even as it attempts to present a fair representative picture of the rich heritage that is the Stone Campbell Movement.

BOOK JACKET The Book of Acts According to Alexander Campbell Lee Snyder, 2002 A History of the Christian Church Lars P. Qualben, 2008-09-01 How to Finish Restoring the Church of Christ Ron Satzler, 2009-04-15 Free Churches and the Body of Christ Jeffrey W. Cary, 2012-11-05

Those within the free church tradition have often appealed to the notion of the invisible church to account for the unity of the Body of Christ. A growing number of free church theologians, however, are giving increased attention to the importance of visible ecclesial unity, which immediately raises the perennial problem of the authorities by which unity is maintained. There is also a growing recognition among free church theologians of the need to recognize the authority of tradition in tandem with the authority of Scripture. In this book, Cary affirms these recent developments but then inquires whether a turn toward visible unity, together with an embrace of the authority of tradition, can eventually be coherent without also embracing the authority of an extra-congregational teaching office. To guide his study, Cary engages the work of two theologians from outside the free church tradition: Robert Jenson and Rowan Williams. He then brings them into contact with the prominent free church theologian James McClendon in order to supplement some of the deficiencies Cary perceives in McClendon's groundbreaking work. Once these deficiencies are addressed, however, the question intensifies: whether the free church tradition, as such, can remain a coherent ecclesial option over time.

The Mississippi Encyclopedia Ted Ownby, Charles Reagan Wilson, Ann J. Abadie, Odie Lindsey, James G. Thomas Jr., 2017-05-25

Recipient of the 2018 Special Achievement Award from the Mississippi Institute of Arts and Letters and Recipient of a 2018 Heritage Award for Education from the Mississippi Heritage Trust. The perfect book for every Mississippian who cares about the state, this is a mammoth collaboration in which thirty subject editors suggested topics; over seven hundred scholars wrote entries; and countless individuals made suggestions. The volume will appeal to anyone who wants to know more about Mississippi and the people who call it home. The book will be especially helpful to students, teachers, and scholars researching, writing about, or otherwise discovering the state past and present. The volume contains entries on every county, every governor, and numerous musicians, writers, artists, and activists. Each entry provides an authoritative but accessible introduction to the topic discussed. The Mississippi Encyclopedia also features long essays on agriculture, archaeology, the civil rights movement, the Civil War, drama, education, the environment, ethnicity, fiction, folklife, foodways, geography, industry, and industrial workers, law, medicine, music, myths, and representations, Native Americans, nonfiction, poetry, politics, and government, the press, religion, social and economic history, sports, and visual art. It

includes solid clear information in a single volume offering with clarity and scholarship a breadth of topics unavailable anywhere else This book also includes many surprises readers can only find by browsing
