Annual Report of Target Practice with Small Arms and 3-inch Field Pieces and Boat Guns United States. Navy Department, 1908 **Annual Report of Small Arms Target Practice** United States. Navy Dept, 1916 **Annual Reports** John Stittle, 2003 This book concentrates on ensuring that the corporate message is communicated to stakeholders in a way that maximises the value of the annual report and outlines how this might best be achieved It explains the importance not only of the quantitative accounting information but also the qualitative content such as the chairman's statement directors report operating and financial review explanatory notes and so on Particular recognition is given to the legal stock exchange and professional accounting requirements as well as to the increasingly important but more discretionary areas of content such as social environmental and ethical reporting issues Crucially the book discusses the importance of electronic communication now that legislation allows companies to deliver information over the internet On a practical level the book takes the reader through the procedures and processes in actually managing the preparation and production of the report Both the practical and theoretical aspects of the book are placed in context by the use of relevant extracts taken from real life annual reports of major organisations By using these authentic examples the book clearly highlights what works and what doesn't Ensure that your company's annual reports conform to the highest standards of best practice Don't waste the opportunity to deliver your message **Annual Report of Target Practice with Small Arms and 3-Inch Field Pieces and Boat Guns** United States. Navy Dept, 1908 Ministry of Defence Annual Report and Accounts 2004-05 Great Britain: Parliament: House of Commons: Defence Committee, 2006-04-20 This report analyses MoD's annual report and accounts 2004-05 published in October 2005 later than planned as HC 464 session 2005-06 ISBN 0102935424 which combines MoD's annual performance report and the consolidated departmental resource accounts Overall MoD's performance against its seven Public Service Agreement PSA targets has been mixed three were met two were partly met one was on course to be met and one was not yet assessed On recruitment and retention partly met all three armed services are suffering from critical shortages in various specialist trades including aircrew and medical personnel Although MoD reported 400m of savings in the operating costs of the Defence Logistics Organisation the Committee criticizes the fact that not all of them could be validated On procurement MoD did not meet the targets relating to project time slippage Cost decreases of 699 million were reported on the top 20 major defence equipment projects but much of this was a result of cuts in the numbers of equipment ordered or in the capability of equipment Losses reported in MoD's Financial Accounts totalled some 400 million a lower figure than the previous year but still a substantial sum Reported losses on the Landing Ship Dock Auxiliary programme which involves the procurement of four transport ships were some 100 million and further losses might arise Another loss totalling 147 million related to a building project at the Atomic Weapons Establishment at Aldermaston The building was unable to meet the requirement and no other use could be found for it It is another example of substantial waste
